

AN ACT RELATING
TO ALASKA
PIONEERS HOME
AND ALASKA
VETERANS' HOME
RATES

CSHB 96

Goal of House Bill 96:

- Maintain Pioneer Home's commitment to Alaska's elders
- Stabilize revenue and improve financial sustainability of Pioneer Homes
- Provide certainty and predictability to residents and department

Committee Substitute for House Bill 96

- Adjusts rates for inflation since 2004
- Adds Levels IV and V to be consistent with Agnew Beck Report and SB74
- Allows for the Pioneer Home Division's suggested index, Social Security Cost of Living Adjustment
- Passed 35-4 in House of Representatives

Pioneer Homes: Background

- Established in 1913
- Originally created as home for indigent men as Territory of Alaska grew and aged
- Expanded throughout the 20th Century: there are currently homes in Sitka, Fairbanks, Palmer, Anchorage, Ketchikan and Juneau
- Population in 2019 was 592
- Rates currently adjusted by regulation
- 2004-2018 Inflation rose 30%, but rates only rose 15%. In 2019, rates rose as high 140%.

Proposed Levels of Care:

Level I: \$2,976/mo

Level II: \$5,396/mo

Level III: \$7,814/mo

Level IV: \$8,500/mo

Level V: Rate to be determined by the Department to reflect the cost of care for services listed and complex behavior management

- Rates serve as base starting point, adjusted for inflation from 2004
- Rate increases may be annual, and will be capped at the most recent Social Security Cost of Living Adjustment
- Allows rates to more consistently track inflation-based increases in cost of care

Complexity of Care

Current Levels

Social Security Cost of Living Adjustment

-CSHB 96 would link rate increases to the SS COLA.

-Preferred metric for Pioneer Homes, as majority of residents primary source of income is Social Security.

-Would create stable, predictable rate increases.

-Would allow rates to rise following cost of care and resident's main source of income.

The 1975-82 COLAs were effective with Social Security benefits payable for June (received by beneficiaries in July) in each of those years. After 1982, COLAs have been effective with benefits payable for December (received by beneficiaries in January).
