

SB 166 Sectional Analysis v. A

Section 1: Amends AS 33.07.030, duties of pretrial officers. Current subsection (g) establishes discretionary actions that may be taken by a pretrial services officer including establishing circumstances when a pretrial services officer may make an arrest or request the court to issue a warrant. This amendment would add escape in the third degree (AS 11.56.320) as an offense that permits a pretrial services officer to file a complaint with the court seeking arrest or issuance of a warrant.

Section 2: Establishes an immediate effective date.
