

17 February 2020

Dear Senate Finance Committee,

Devil's Club Brewing Company supports Senate Bill 52. It is a step forward for the alcohol industry as a whole, with improvements to public health, safety and great clarifications to license types. I sat at the table this year as the BGA and CHARR worked tirelessly to come to agreement on this version of SB52 and we would ask the legislature to support the bill as well.

Sincerely,

Evan Wood
