Dear Senator Bishop and Finance Committee Members,

I support SB 115 that would increase the motor fuel tax rate for the state. I have been aware that we have one of the lowest tax rates in the nation, and I support this effort. It is a drop in the bucket towards elevating our budget problems, but enough drops will go a long way.

I have lived here more than 40 years now and I see how the people have squandered opportunities to raise revenue from other than the oil companies.

We own an electric vehicle and I told my husband I don't mind paying a higher registration fee to offset our use of the roads. When we all help a little, it means a lot.

Please pass this bill.

Sincerely,

Beverly Churchill
