Date: 01/29/20

## FISCAL NOTE ANALYSIS

STATE OF ALASKA  
2020 LEGISLATIVE SESSION

BILL NO. SB134

### Analysis

The bill allows licensed professional counselors (LPCs) to enroll and participate in the Medicaid program as individual billing providers, and receive Medicaid reimbursement for medically necessary services provided to eligible Medicaid beneficiaries outside of a clinic setting.

Total number of registered LPCs in Alaska: 717  
Percentage estimated to accept Medicaid patients: 20%  
Estimated LPCs accepting Medicaid patients: 143

Estimated number of patients seen per week by one counselor (one hour each): 20  
Percentage of patients estimated to be Medicaid eligible: 20%  
Estimated Medicaid patients seen per week by one counselor (one hour each): 4

Current individual psychotherapy hourly reimbursement for LPC: \$118.60

143 LPCs x 4 Medicaid patients/week x \$118.60/hr cost = \$67.8 estimated weekly incremental cost  
Estimated annual incremental cost of LPCs (48 working weeks): \$3,254.4

To implement this bill a modification of Medicaid Management Information System to add a new provider type and associated business rules would be required. The work would take an estimated 600 modification hours at a total cost of \$55.9 and would be completed by the system contractor. Adding this provider type would not require additional staff to maintain the system changes.
