FISCAL NOTE ANALYSIS

STATE OF ALASKA
2020 LEGISLATIVE SESSION

1

Analysis

A sub-account of the fish and game fund, called the Alaska sport fish enterprise account, exists to collect a surcharge on sport fishing licenses to satisfy sport fishing facility construction bond debt obligation. This bond is expected to expire five years early in CY2020. New language provided in this legislation would create a new sub-account of the fish and game fund, upon closure of the Alaska sport fishing enterprise account, to collect a reduced amount of the existing license surcharge. The surcharge revenue would be used to ensure existing levels of sport fish production in southeast, central and interior Alaska and to provide ongoing maintenance at the department’s sport fish hatchery facilities.

Revenue generated under reduced fee structure:

The licensing fee structure of this legislation would take effect January 1 in the year following the closure of the Alaska sport fishing enterprise account, which has been determined to be January 1, 2021. By averaging the past five years of license sales, and deducting 10% for vendor commissions and overhead, the department estimates approximately \$4.1 million in surcharge revenue. This is approximately a 34% reduction in fees currently being collected.
