Notes: I. Health Professional Shortage Areas (HPSAs) are geographic areas, populations, and facilities with too few primary care, dental and mental health providers and services. HPSAs are designated by the U.S. health Resources & Service Administration (data.HRSA.gov)

II. Dental Health HPSA Scoring

We calculate a score between 0-26 for Dental Health HPSAs. The following figure provides a broad overview of the four components used in Dental HPSA scoring:
