DOC facilities cannot be "stabilization facility" programs are
contrary to mental health
sect AS 47.29.000

By 5:13-17

(*) Crisis Stabilization Center

I believe its most important for the protection
of vulnerable people that clearly to
facility or a part of facility line 15 p 9 I

be presented in JCO, Joint Commission
and Human Rights Commission/Committee
oversight and jurisdiction which
includes jails/prisons or their
part of a facility for mental health or
medical care at Alaska DOC/facilities

With out JCO or human Rights oversights in DOC
AK facilities are unacceptable "Crisis Stabilization facility"

This is a poor substitute for fund appropriate
mental health facilities, in areas like Kenai.
