House Bill 307 EXPANDING PRISONER ACCESS TO COMPUTERS

Summary of Changes

Version A to Version U

Sections 1-3 and Sections 5-6:

Incorporates the provisions of Senate Bill 209 relating to state identification cards and driver's licenses for persons in the custody of the Department of Corrections.

Section 4:

Page 6, lines 22-24: The phrase "reintegration into society" was replaced with "compliance with a reentry plan or case plan developed under AS 33.30.011" to better define the allowable purpose for which a prisoner may use a computer.

Page 6, line 26: The reference to a reentry or case plan was removed to conform with the above change, and "health care" was added to make clear that application for Medicaid of other health care benefits constitutes an allowable use of a computer by a prisoner.
