WHAT IS ASA

ASA is a non-partisan 501 (c)(3) non-profit organization of top-ranking state leaders.

ASA represents states interests in federal aerospace and aviation policy development focusing on:

- Economic development in aerospace and aviation
- Support of the aerospace industry
- R&D funding
- Workforce training
- Excellence in STEM education in every state
- Advancing states competitiveness in a global marketplace.

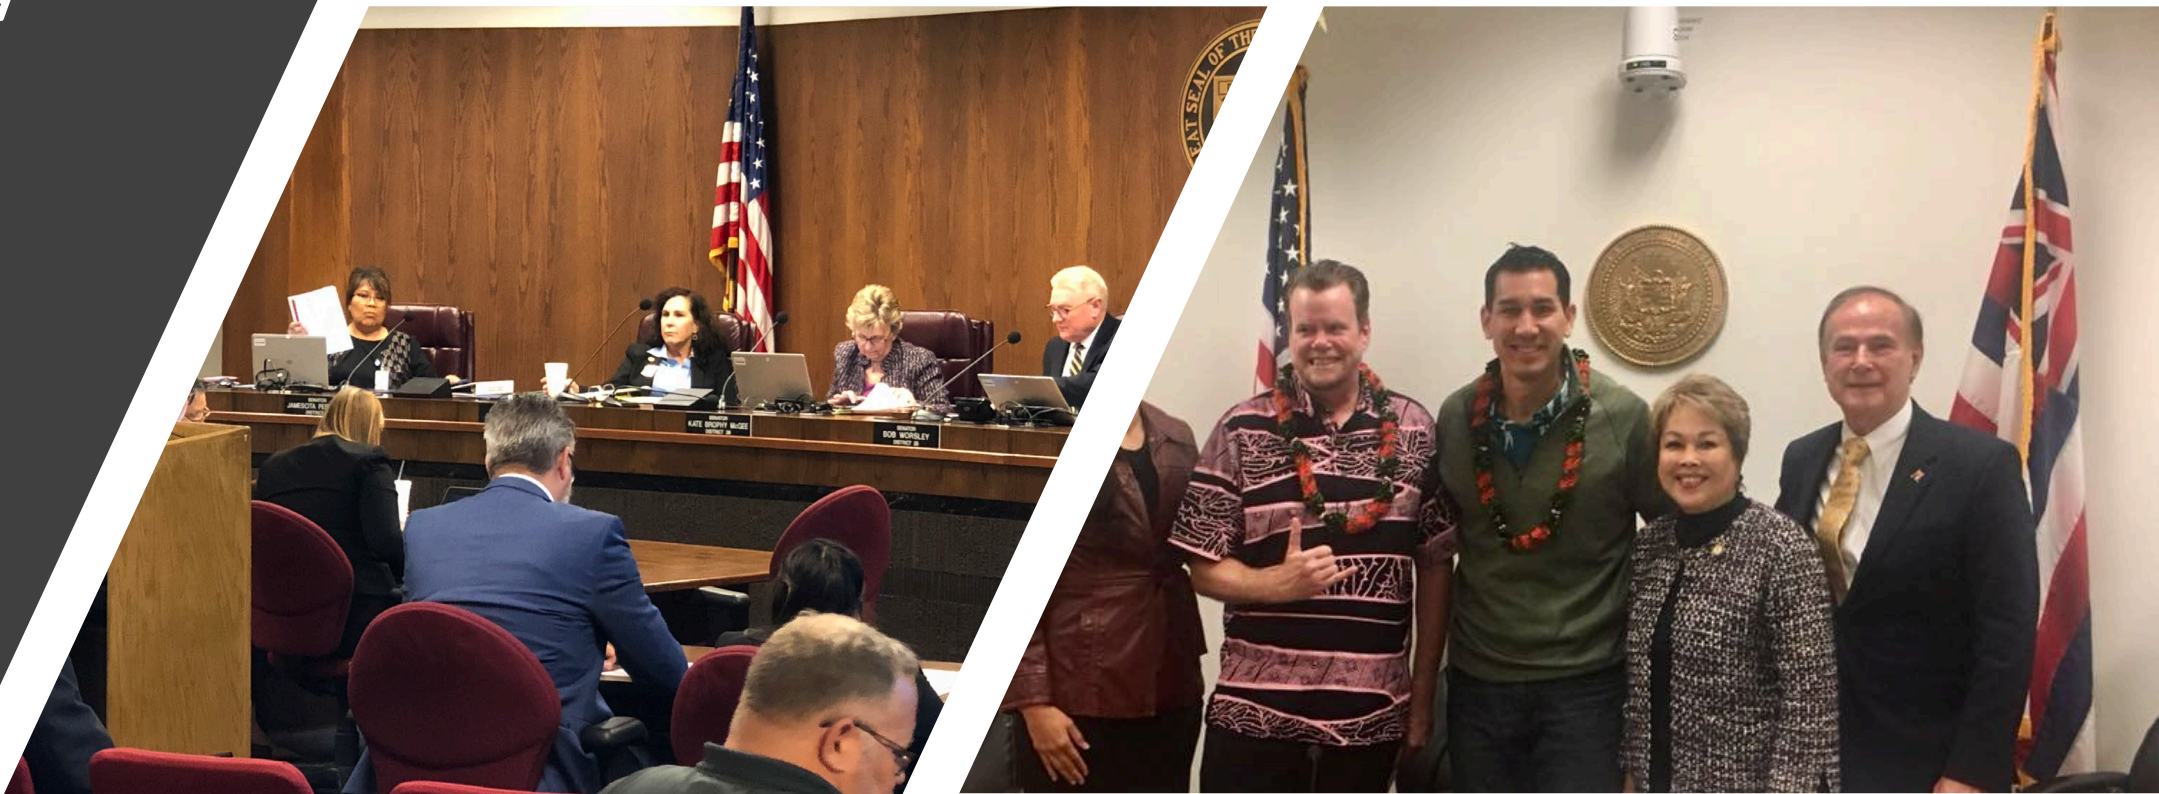

MISSION

To advance the aerospace community and facilitate state economic development within the state through industry networking, policy development, educational discussions, and focused events, involving state elected and other government officials.

AEROSPACE POLICY DEVELOPMENT

- ASA brings together aviation and aerospace interests across each state to educate state legislators on issues specific to their state.
- As leaders in our state governments, ASA members not only impact policy at the state level, but also at the federal level, by informing our congressional delegations on aerospace priorities.

CHAPTER ACTIVITIES

1. Aviation & Aerospace Days at the State Capitol,
2. Policy Symposiums
3. Lunch Lecture Series
