Dear Chair Wilson and senators

Good afternoon

Id like to write to you today on the record, to ask for your support for the wonderful bill, SB89.

Honestly, with all we argue about these days, this I feel is one of those bills that we can happily agree on. I mean, who wouldnt want the elderly to have toiletries and good food and outdoor time and privacy, right? Im hoping this is a quick and easy conversation and that it will just move right along.

Its nice to see our seniors have their rights and feelings honored and protected ❤️

So with that, please joyfully pass this bill and have a wonderful day in Juneau. 😊

Blessings

Pamela Samash
