

JACK E. SHORT

Eagle River, AK 99577

I support, and encourage Alaska Legislative Support For House Bill 108, The benefit of Encouraging High School ~~SE~~ Students To consider & possibly pursue Trade skills beyond High ~~the~~ School is an idea the State of Alaska should invest in. This Bill recognizes that not everyone is cut out to attend college. Bill 108 is a realist approach to guiding young adults to life skills that would, no will, become professional careers.

Sincerely,

Jack E. Short, 1 Apr 2021

Attn: Rep McCarty,

It is my understanding
that there is a current bill,
HB108, to aid high school students
gain trade work experience. This
is vital to our economy, our
industry and our population as
a whole.

Please pass this bill,

HB108.

Shannon McBride
