Approved By:	Micaela Fowler, Administrative Services Director, DCCED	Date:	04/02/21
Agency:	Office of Management and Budget		

FISCAL NOTE ANALYSIS

STATE OF ALASKA
2021 LEGISLATIVE SESSION

BILL NO. HB 61

Analysis

HB 61 will add commercial interior design as a professional license type under the Alaska State Board of Registration for Architects, Engineers, and Land Surveyors. The bill would increase the size of the board from 11 to 13 members and proposes the board's name become "State Board of Registration for Architects, Engineers, Land Surveyors, Landscape Architects, and Commercial Interior Designers."

If the bill passes the following expenses will be incurred:

Personal Services:	\$88.0 per year for one Occupational Licensing Examiner (Range 14)
Travel:	\$4.3 per year for the two new board members (two meetings and one conference)
Services:	\$15.0 per year for core services charges
	\$4.2 in FY2022 for legal costs to amend regulations, printing, and postage
Commodities:	\$10.0 in FY2022 for one-time set up costs for the licensing examiner position.

The approximate cost of a license cannot be calculated solely based on the additional costs identified in this fiscal note. Per AS 08.01.065(f), fees must be the same for all occupations regulated by this board. A fee analysis would need to be completed to determine the cost of a license. Commercial interior designers licensed under this legislation would bear a portion of Department and Division overhead costs and core service charges; licensees of the other occupations regulated by this board would bear a portion of the costs in this fiscal note.

Professional licensing programs within the Division of Corporations, Business and Professional Licensing are funded by Receipt Supported Services, fund source 1156 Rcpt Svcs (DGF). Licensing fees for each occupation are set per AS 08.01.065 so the total amount of revenue collected approximately equals the occupation's actual regulatory costs.
