Sec. 15.07.205. Process to cancel registration. The director shall develop a process to allow a voter to cancel the voter's registration. The director shall prominently display instructions for a voter to cancel the voter's registration on every ballot envelope and at every polling location.

* Sec. 10. AS 15.15.030 is amended by adding a new paragraph to read:

(18) The director shall by regulation adopted under AS 44.62 (Administrative Procedure Act) require that an official ballot include a watermark, seal, or other identifier. Unless the director provides for a limited exception in regulation, the division may not count a ballot that does not include the identifier. The division shall, in the report published under AS 15.07.130(h), identify the limited exceptions provided by the director.

* Sec. 11. AS 15.15.032(b) is amended to read:

(b) Software for voting by use of electronically generated ballots <u>must</u>[SHALL] be

(1) open-source;

(2) developed entirely in the United States by a company beneficially owned by residents of the United States using routers and servers in the United States and best practice cyber security; and

printed or paper record produced, until 22 months after the applicable election is certified under AS 15.15.450. The system must include digital multi-factor authentication to access voter data and verify voter identity and, for each ballot that leaves the division's immediate custody, an envelope-based barcode or other mechanism sufficient to account for ballot chain of custody at all times the ballot is outside division custody. The division shall continually update the system adopted under this section to ensure that state election practices and procedures are consistent with best practices and procedures and protect the integrity of state elections held under this title.

(b) The system established in (a) of this section must provide that

(1) each ballot, absentee ballot certificate and envelope, and paper record of an electronically generated ballot under AS 15.15.032 for an election is accounted for at all times through a chain-of-custody protocol;

(2) each ballot, absentee ballot certificate and envelope, and paper record of an electronically generated ballot under AS 15.15.032 for an election is returned to a single point of receipt at a designated division location;

(3) immediately after the polls close, digital reports from an electronic voting machine are printed in paper form and accounted for under this section;

(4) each voting machine or ballot tabulator is disconnected from the Internet for a period beginning 24 hours before the polls open on the day of an election and ending after the division has

(A) transferred all election data from the machine or tabulator onto not fewer than two separate secure electronic storage devices; and

(B) uploaded the data from one of the electronic storage devices to a master server protected by block chain technology;

(5) an electronic storage device containing election data is retained for22 months, as required under AS 15.15.470.

(c) Before certifying an election under AS 15.15.450, the director shall account for the original of each used or unused ballot, absentee ballot certificate and envelope, and the paper record of an electronically generated ballot under AS 15.15.032. If unable to account for each ballot, the director shall provide to the

attorney general, the lieutenant governor, the senate president, the speaker of the house of representatives, each affected candidate, each affected organization or organized group that sponsors or opposes an initiative, referendum, or recall, and the public a detailed description explaining why the ballots did not reconcile. The state ballot counting review board shall audit and certify the ballot accounting under this subsection in accordance with generally accepted accounting principles. When the director is unable to account for each ballot, the director may not certify an election under AS 15.15.450 unless the director has disclosed the detailed description explaining why the ballots did not reconcile.

(d) If, under the system established in (a) of this section, the original of a used or unused ballot, absentee ballot certificate and envelope, or the paper record of an electronically generated ballot under AS 15.15.032 is not accounted for, there is a break in the scheduled chain of custody, there is a lapse in system security, or the director has reason to anticipate a break in the scheduled chain of custody or lapse in system security before an election is certified under AS 15.15.450, the director shall notify the attorney general, the lieutenant governor, the senate president, the speaker of the house of representatives, each affected candidate, each affected organization or organized group that sponsors or opposes an initiative, referendum, or recall, and the public. The director shall provide an affected candidate or affected organization or organized group a minimum of 24 hours' notice to appoint a watcher under AS 15.10.170 and ensure the watcher is present before any further ballots in the election are counted or collected.

(e) The director shall by regulation adopted under AS 44.62 (Administrative Procedure Act) develop a process to, following the closing of the polls, void all unused ballots, spoiled ballots, and unopened packs of ballots without mutilating or destroying the forensic integrity of the unused ballots, spoiled ballots, or unopened packs of ballots.

(f) An election official or watcher who has reasonable cause to believe that a voting machine, election ballot, physical or digital record, certificate, or package of ballots has been opened or otherwise tampered with, or that another irregularity relating to election materials has occurred, shall immediately notify the director and

call for an inspection of the affected election materials following the closing of the polls. If an election official or watcher at a precinct calls for an inspection under this subsection, the director shall require an inspection of the affected election materials before the materials are returned under AS 15.15.370.

* Sec. 14. AS 15.15.210 is amended to read:

Sec. 15.15.210. Questioning of voter [VOTERS OF SUSPECT] qualification. Every election official, [SHALL QUESTION, AND EVERY] watcher, and any other person qualified to vote in the precinct may question [,] a person attempting to vote if the person attempting to vote has also received an absentee ballot or if the questioner has good reason to suspect that the questioned person is not qualified under AS 15.05. All questions regarding a person's qualifications to vote shall be made in writing setting out the reason the person has been questioned. A questioned person shall, before voting, subscribe to a declaration in a form provided by the director attesting to the fact that in each particular the person meets all the qualifications of a voter, is not disqualified, and has not voted at the same election, and certifying that the person understands that a false statement on the declaration may subject the person to prosecution for a felony [MISDEMEANOR] under this title or AS 11. After the questioned person has executed the declaration, the person may vote. If the questioned person refuses to execute the declaration, the person may not vote.

(a) A voter who casts a questioned ballot shall vote the ballot in the same manner as prescribed for other voters. The voter shall insert the ballot into a secrecy sleeve and put the secrecy sleeve into an envelope on which the statement the voter previously signed is located. Unless the voter is unable to use digital multi-factor authentication, the voter shall provide the voter's digital multi-factor authentication security identifiers. The envelope shall be sealed and deposited in the ballot box. When the ballot box is opened, the envelopes shall be segregated, counted, compared to the voting list, and delivered to the official or body supervising the election. The merits of the question shall be determined by this official or body in accordance with the procedure prescribed for questioned votes in AS 15.20.207.

Discrepancies shall be noted and the numbers included in the certificate prescribed by AS 15.15.370. The election board, in hand-count precincts, shall count the ballots in a manner that allows watchers to see the ballots when opened and read. A person handling the ballot after it has been taken from the ballot box and before it is placed in the envelope for mailing may not have a marking device in hand or remove a ballot from the immediate vicinity of the polls.

* Sec. 21. AS 15.15 is amended by adding a new section to read:

Sec. 15.15.374. Voter qualification system. The director shall adopt regulations to maintain an accurate master register and create a best practices qualification system. If a voter's vote is not counted because the voter is not qualified under AS 15.05.010(3), the director shall notify the voter immediately by reasonably available means. The director shall investigate to determine whether the voter knowingly violated AS 11.56.210(a) or another provision of law when registering to vote or applying for an absentee ballot, and shall refer such a voter to law enforcement. A voter shall be given a reasonable opportunity to validate the voter's voting eligibility if it is in question and may authenticate the voter's vote by 5:00 p.m. on the third day after election day.

* Sec. 22. AS 15.15.450 is amended by adding a new subsection to read:

(b) The director or lieutenant governor may not certify the results of an election under (a) of this section

(1) until each original ballot and paper record is accounted for under AS 15.15.055(c); or

accounted for, until the lieutenant governor 1 2 (A) refers the irregularity to the attorney general; (B) informs affected candidates and sponsors, the president of 3 the senate, and the speaker of the house of representatives; and 4 5 (C) provides public notice of the irregularities. 6 * Sec. 23. AS 15.15.470 is amended to read: Sec. 15.15.470. Preservation and destruction of election ballots, papers, 7 and materials. The director shall preserve all precinct election certificates, tallies, 8 9 election data on an electronic storage device, and registers for 22 months [FOUR 10 YEARS] after the election. All ballots and stubs for elections [OTHER THAN NATIONAL ELECTIONS] may be destroyed 22 months [30 DAYS] after the 11 12 certification of the state ballot counting review unless an application for recount has 13 been filed and not completed, or unless their destruction is stayed by an order of the 14 court. All ballots for national elections may be destroyed in accordance with federal 15 law, including 52 U.S.C. sec. 20701. The director may permit the inspection of 16 election materials upon call by the Congress, the state legislature, or a court of 17 competent jurisdiction. The original used and unused ballots and absentee ballot 18 certificates and envelopes and the paper records of electronically generated 19 ballots under AS 15.15.032 must be destroyed at a location designated by the 20 division. The division may designate up to two destruction locations, one in the 21 southcentral region and one in the southeast region of the state. * Sec. 25. AS 15.20.061(c) is amended to read:

(c) <u>Upon</u> [ON] receipt of an absentee ballot in person, the voter shall proceed to mark the ballot in secret, <u>to provide the voter's digital multi-factor</u> <u>authentication security identifiers, unless the voter is unable to use digital multi-</u> <u>factor authentication</u>, to place the ballot in the secrecy sleeve, to place the secrecy sleeve in the envelope provided, and to sign the voter's certificate on the envelope in the presence of the election official who shall sign as attesting official and date that signature. 8	Sec. 15.20.068. Application for absentee ballot. The division shall provide an
9	absentee ballot application by mail when an eligible voter expressly requests an
10	application. An application may be sent to a voter only by United States mail and only
11	by the division, an officially registered candidate, a recognized political party, or a
12	group sponsoring a ballot measure. An application must prominently display who sent
13	the application and prominently display "Application only/Not a ballot" on the exterior
14	address side of the envelope.
15	* Sec. 28. AS 15.20.081(a) is amended to read:
16	(a) A qualified voter may apply in person, by mail, by electronic mail, or by

APPLICATION]. A person may supply to a voter an absentee ballot application form with a political party or group affiliation indicated only if the voter is already registered as affiliated with the political party or group indicated. The application must be made on a form prescribed or approved by the director. The voter or registration official shall submit the application directly to the division of elections. For purposes of this subsection, "directly to the division of elections" means that an application may not be submitted to any intermediary that could control or delay the submission of the application to the division or gather data on the applicant from the application form. However, nothing in this subsection is intended to prohibit a voter from giving a completed absentee ballot application to a friend, relative, or associate for transfer to the United States Postal Service or a private commercial delivery service for delivery to the division.

* Sec. 29. AS 15.20.081(b) is amended to read:

(b) An application requesting delivery of an absentee ballot to the applicant by mail must be received by the division of elections not less than 14 [10] days before the election for which the absentee ballot is sought. An application for an absentee ballot for a state election from a qualified voter requesting delivery of an absentee ballot to the applicant by electronic transmission must be received by the division of elections not later than 5:00 p.m. Alaska time on the day before the election for which the absentee ballot is sought. An absentee ballot application submitted by mail under this section must permit the person to register to vote under AS 15.07.070 and to request an absentee ballot for each state election held within that calendar year for which the voter is eligible to vote. An absentee ballot application submitted by electronic transmission under this section may not include a provision that permits a person to register to vote under AS 15.07.070.

The voter and attesting official or witness shall legibly print their name, physical address, mailing address, and digital or telephone contact information on the space provided on the voter's certificate.
