FISCAL NOTE ANALYSIS

STATE OF ALASKA  
2021 LEGISLATIVE SESSION

BILL NO. SB 39

**Analysis**

This legislation amends the crime of unlawful interference with voting in the second degree to include knowingly collecting a ballot from another voter unless the person is an election official, United States Postal worker, or a private commercial delivery service; or the person possesses only one other voter's ballot and the person is a family member, household member, or caregiver of the person whose ballot they possess. Unlawful interference with voting in the second degree is a class A misdemeanor with a maximum sentence of one year.

The legislation also amends the crime of unlawful interference with an election to include intentionally opening or tampering with a sealed absentee ballot certificate and envelope or package of ballots without the express authorization from the director of the Division of Elections. Unlawful interference with an election is a class C felony punishable by a maximum sentence of 5 years.

While this legislation may result in an increase in cases, the Department of Law does not expect that increase to be significant enough to require additional funding. Therefore, the department does not anticipate a fiscal impact from this legislation.
