## FISCAL NOTE ANALYSIS

STATE OF ALASKA  
2021 LEGISLATIVE SESSION

BILL NO. HB 170

### Analysis

This legislation would create and establish parameters for the Alaska Energy Independence Fund (Fund) and the Alaska Independence Program (Program) within the Alaska Industrial Development and Export Authority (AIDEA). It provides AIDEA with the ability to arrange financing to suit Alaska's unique energy and finance needs, particularly with regard to addressing urban and rural energy requirements. It is estimated that establishing the Fund would create new jobs and businesses, lower commercial and household energy costs for redeployment in Alaska's economy, and improve Alaska's energy independence.

#### **Estimated Fund Capitalization: \$30 million**

The appropriation represents a level of capitalization to optimally fulfill the mission and growth of the Fund and to ensure that the Fund has sufficient capital to achieve the goals articulated in this legislation.
