To our elected representatives

We the people, want a full statutory PFD that follows the original formula.

ESPECIALLY, In the light of Covid which destroyed countless businesses and people's livelihoods.

We don't care about special interests and what they want. The people, who are the core essence of the state and your core who you are supposed to represent, want the YOU to follow the law. The same laws that we all follow.

Do you really want the people to follow your example in ignoring the law? That usually

Ends up bad for politicians who ignore the peoples voice.

Support the full statutory formula, and become remembered in Alaskan history as one who stood for the law, and the people.

Please add my written testimony to the record.

I am in full support of SJR7

Let's get this problem solved once and for all.

I join many Alaskans that are tired of this political football and the money and time wasted year after year by the legislature.

We need to solve this issue once and for all. Pay the people first.

Let's put the PFD in the constitution and move on

Linda Morrison Goss

Legislators;

I urge you to pass the above bill to place our PFD 50/50 split into our Alaska Constitution. The time and money you ALL waste trying to convince others that government needs more money to balance the budget is beyond a tired argument that we, as Alaska residents and voters, are done with! We DO know how to spend OUR portion of the dividend and it all goes right back into our own economy and will do more to aid in the recovery of the Covid shut downs and regressive actions taken by many cities.

Taking this out of your problems of whatever the Bicameral PFD Committee wants to call it solves the excess pork and sweetheart deals many promised to get elected and force you, our elected officials, to live within our means.

With that committee out of the picture and cutting a lot of unnecessary programs, a full statutory PFD can and should be paid- THIS YEAR!!

So, who does NOT want to be re-elected?

Denise Allen

Our entire state population is now watching and listening to what you are doing to establish the amount of the PFD. Modify HJR7 to be like SJR6. Yes, everything you accomplished comes down to where you stand on the PFD amount.

Thank you,
Vern Nusunginya

Date: Monday, May 24, 2021 8:38:42 AM

Dear House Judiciary Committee,

Thank you for the opportunity to share comments on the upcoming discussion about HJR7. I do not believe it's in the best interest to put the PFD into the state constitution. Please do not make decisions based on your reelection but what is best for the state of Alaska in the future.

Thank you,
Lili Misel

My name is Mike Coons and I'm speaking for myself.

I support SJR6 which the language changes are more specific and will put the State Supreme Court in a box when someone challenges the final Constitutional Amendment.

Thus, I urge that HRJ7 be changed to mirror that of SJR6 in this committee.

It is obvious that we have a segment of our legislature who are more concerned with government growth vs a sound economy because the peoples money will spend far better, 6-1 than what the government spends on special interests, that by in large puts little back into the economy.

By protecting the PFD in the Constitution, we keep the dirty hands of legislators from spending the peoples money. I am no supporter of the POMV, especially as it is being used and abused today. We never had a need for the POMV since the intent of the PF was always a 50/50 split. What is different today is that previous legislators stayed within the budget and didn't need to use any of the ERA! Sadly in the past few years, the legislators overspent, drew down the CBR to almost nothing and now have turned their eyes to the ERA and even the corpus.

The only think in this amendment, once SJR6 is incorporated, that I would like to see changed is the 5% reduced to 4%. Clem Tillion spoke to that "If you insist on advancing the POMV concept, it seems to me that putting a 4% POMV with a 50/50 split of the percentage in order to provide for a dividend and fund government services (or whatever the legislature elects to do with the funds), is probably acceptable."

Put forward the CS for SJR6 into this bill and report out of committee immediately!

Mike Coons

Committee,

I do not support HJR 7. Hands off the PFD. Pay out our withheld royalties. Follow the original statute. Stop the stealing!

I support Governor Dunleavy's proposal for HJR 7/SJR 6, to protect the PFD in the constitution, safeguard the Permanent Fund, and provide Alaskans the largest dividend in state history.

Sincerely,
Rhea Bromley
