Approved By: Sylvan Robb, Administrative Services Director	Date: 02/12/21
Agency: Office of Management and Budget	

FISCAL NOTE ANALYSIS

STATE OF ALASKA
2021 LEGISLATIVE SESSION

BILL NO. SB008

Analysis

This bill, also known as Alaska Reads Act, creates wraparound early education programs in elementary schools to better prepare children for their school careers. It also establishes rigorous early education reading intervention services for those children who may need support to keep up with their peers. It provides grants for early education programs, gives the Department of Education and Early Development (DEED) authority to implement the Parents as Teachers program, and allows for department supervision over all public schools, except the University of Alaska.

Public Health provides assistance for the Parents as Teachers program through a reimbursable services agreement. The costs for additional staff time for reports relating to the effectiveness of the Parents as Teachers Program can be supported with existing interagency receipt authority; therefore, a zero fiscal note is being submitted.
