Revisions – December 18, 2020

Language was added in Chapter 10 to clarify how the Alaska Railroad Corporation has been impacted by the COVID-19 pandemic. Other minor edits were made throughout the book for clarity, punctuation, and formatting.

¹Tax amounts shown here represent the total certified tax roll for the 2020 tax year, due June 30, 2020. These amounts may not exactly match cash revenue received in the fiscal year as presented elsewhere in this book due to a combination of credits and late payments. Gross Tax is total tax paid to both the local government and the State of Alaska. The Local Share and State Share columns represent revenue primarily received in June 2020.

²The Fairbanks North Star Borough, Kenai Peninsula Borough, and Matanuska-Susitna Borough do not have a uniform mill rate for petroleum properties. The rate presented here is the weighted-average effective mill rate based on the 2020 certified tax roll.
