Senators,

We are fully aware you are trying to BS your way to ANOTHER attempt at not giving the Alaska citizens their PFD. We also are aware that you want us to believe it is the Governors fault for not signing the budget.

However, rather than playing with Stutes HR 2002 instead of Dunleavys original HR 2001 is a wrong path and not something the people are going to accept.

The people have sacrificed more than anyone of you who NEVER had to miss a paycheck! We have lost livelihoods, homes, vehicles, and even family members and now you want to make us feel like you are kicking us after we are down. It's unfair. You have had many many days to find other avenues for resources rather than breaking your kids piggy banks while promising to make things up later.

STOP IT! DO THE RIGHT AND LEGAL THING!!

Sincerely,
Denise Allen

Why does our PFD keep getting smaller and smaller. It goes from 2300.00 to 525.00 where is the rest of it going. Governor, you need to VETO the bill. We need to vote Representative in that are for the Alaskan people and not themselves.

Thank You
Chris Redmond

I am among the majority of Alaskans in support of Dunleavy's proposal. Since the formula isn't being followed currently, the 50/50 proposal seems like the best compromise. I encourage you to vote according to the best interests of Alaskans.

Sincerely,

Melissa Berggren

As James Squires has written so eloquently;

Are you folks nuts?

Hearing HB2002 to try and circumvent Article 2, Section 18? Go look at Article 12, Section 5... SHAME. With days till the shutdown you are not hearing HB2001 first? HB2001 needs the CARPENTER AMENDMENT previously offered on the House Floor and in HFIN previously that funds the accounts affected by the SWEEP because I am advising legislators NOT to vote for the full Reverse Sweep no matter what. That goes against the spirit and intent of Art 9 Sec 17(d) which is a Constitutional Check on the largess of Government and has you in effect violating spirit and intent of Art 9 Sec 7.

Get a Grip!

If there is a Shut Down it is on you Majority folks in HFIN,
I need my PFD for a water well. I hurt my back melting snow this past winter.
I've owned my property where I live without water since 1999.

To all concerned,

My name is Kristin Cash, and I am a resident of Alaska since 1995, raising our soon to be 6 children in the Interior. I'm voicing my expressed disdain for the results of HB69, leaving Alaskans with a mere \$525 PFD.

At this point, I'm not sure what justice can actually be served, but ANY and ALL efforts to use HB2002 to PUSH OUT the effective date of HB69, giving time and space for either a veto or revisit of such a horrible bill, SHOULD BE ATTEMPTED by any representatives who still have their spine in tact. I cannot believe this underhanded bill passed, after a very challenging year on our state's residents. I'm disgusted with every individual who voted yes, regardless of their reasoning for doing so.

My regards to those who will soon find themselves with strong opposition in the next election for failing to represent the best interests of our residents, not inflated budgets and special interest groups.

Grace,

Kristin

Hello,

Please oppose HB 2002. We need more budget cuts and no stealing from the PFD.
\$525 for a PFD is unconstitutional, and we shouldn't even be having this discussion!
This is outrageous and unacceptable!!!

Thanks,
Mike
