FISCAL NOTE ANALYSIS

STATE OF ALASKA
2021 LEGISLATIVE SESSION

BILL NO. HB 141

Analysis

This legislation amends the statutory spending limit to clarify appropriations excluded from the limit and changes the calculation to not exceed the average of the previous three years of spending by more than the change in population or inflation, whichever is greater.

The legislation also requires the Office of Management and Budget prepare a report to accompany the December budget release showing the appropriation limit calculation as it applies to the Governor's proposed budget and update the report upon submission of supplemental appropriation bills and budget amendments.

The Office of Management and Budget can absorb this work with existing resources and submits a zero fiscal note.
