Dear Chairman Wilson,

Thank you for the positive hearings on SB 38. I support the bill.

In today's hearing, a point of discussion was the topic of "residency." I agree that this is a complex term of art with a host of regulatory meaning beyond the intent of the amendments sponsor.

What I think I heard as a better alternative was "externship." A new doctor, having completed his/her pre medical degree and 4 year Naturopath degree, would achieve this requirement by working under the guidance of a an active practitioner.

Or some variation. I'm sure your committee CS will be fantastic.

Thanks,

Bruce Campbell
