Replace Authority Unavailable due to Alaska Constitution Article IX Section 17(d)	23Gov	FndChg	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0	0	0
The enactment of Article IX, Section 17(d) of the Alaska Constitution transferred available balances of funds used by this appropriation to the Constitutional Budget Reserve Fund (CBR); a process commonly referred to as the "CBR sweep". Budget authority that cannot be satisfied with projected fiscal year 2023 revenue collections are replaced with unrestricted general funds to ensure continuity of service.

Transition Behavioral Health Treatment and Recovery Grants to 1115 Medicaid Waiver	23Gov	Dec	-790.0	0.0	0.0	0.0	0.0	0.0	-790.0	0.0	0	0	0
Services provided by the Behavioral Health Treatment and Recovery Grants for Substance Use Disorder (SUD) will be transitioned to the Medicaid 1115 waiver. Providers must be enrolled as Medicaid providers to apply for reimbursement, however, the transition to the 1115 waiver has been underway for some time. There will be no interruption in services as both the populations served under these grants and the SUD residential programs are eligible for Medicaid reimbursement.

MH Trust: Peer Support Certification (FY21-FY23)	23Gov	IncT	50.0	0.0	0.0	50.0	0.0	0.0	0.0	0.0	0	0	0
This project was developed from a Mental Health Trust Authority and State partnership related to workforce development and standardization of peer support as a profession and behavioral health service. FY2022 funds continue work initiated in previous years and follow a multi-year plan to fully develop and implement a certification body and standardized training offerings for peer support workers statewide in the behavioral health field. The development of this certification and training has been collaborative and productive between the State, the Trust, and key stakeholders.													
Peer support is a foundational recovery-oriented strategy within the Beneficiary Employment and Engagement Focus Area and a critical service highlighted in the 1115 Medicaid Behavioral Health Waiver.

MH Trust: Behavioral Health Screening in Primary Care	23Gov	IncT	50.0	0.0	0.0	50.0	0.0	0.0	0.0	0.0	0	0	0
Support for a behavioral health screening system in primary care for children and youth and referral to care coordination and/or behavioral health services. This effort will build on identified priorities consistent with Mental Health Trust Authority funded Bring the Kids Home efforts, as well as national best practices related to integrated care and early identification and intervention of behavioral health needs for children and youth. The creation of a behavioral health screening system for primary care providers is expected to improve population health and reduce cost outcomes of the 1115 waiver through early identification and treatment of behavioral health issues in children.

MH Trust: Evidence Based Practice: Family Treatment Model	23Gov	IncT	100.0	0.0	0.0	100.0	0.0	0.0	0.0	0.0	0	0	0
Leverage State and potential federal funding to support identification and implementation of family treatment and recovery evidence-based practices (EBPs) that allow for local training. A training center with EBP model training options will be widely accessible to multiple providers and communities around the state, led by a multi-disciplinary and community driven advisory group. This project aligns with the 1115 waiver efforts to divert high-risk youth from intensive treatment which is costly and traumatic for children and their families. Supporting an array of preventative and therapeutic EBP models for families and children will promote early intervention and preventative therapy services that have historically been difficult to access for families.													
Options for family treatment and recovery EBPs will be identified for an in-state family therapy training, coaching, and fidelity monitoring process with a steering committee to provide oversight.

MH Trust: Zero Suicide Initiative	23Gov	IncT	62.5	0.0	0.0	62.5	0.0	0.0	0.0	0.0	0	0	0
This initiative partners with the Division of Behavioral Health to create a new full-time position to manage the best practice model called Zero Suicide and will work with community-based agencies and coalitions to roll out the tenets of this model. The core elements include leading, training, identifying, engaging, treating, transitioning, and improving. The position will utilize this framework to bring individual agencies, as well as the system of care, to a higher level of treatment for individuals who are in crisis.

			MH Trust: Crisis Now Continuum of Care	23Gov	IncT	900.0	0.0	0.0	0.0	0.0	900.0	0.0	0
Grants (FY23-FY26)													
The Crisis Now system is a best practice framework for developing and implementing crisis stabilization services for people experiencing a behavioral health crisis. The Mental Health Trust Authority works with various departments within the state and community partners to stand-up this system of care in Fairbanks, Mat-Su, Anchorage, and Juneau. These care grants will be awarded to entities that are partnering with the community to provide less restrictive options for people having a behavioral health crisis. Currently, law enforcement agencies and/or emergency medical services are the typical responders to these individuals in crisis. These system care grants will unify community partners and develop a Crisis Now system of care with trained behavioral health professionals meeting the needs of Alaskans having a behavioral health crisis instead of law enforcement and/or emergency medical services.

Transition Pilot Health Home Project to Medicaid													
	23Gov	Dec	-201.0	0.0	0.0	-201.0	0.0	0.0	0.0	0.0	0	0	0
SB74 allowed the department to conduct a pilot care coordination demonstration program (CCDP) with 100% general fund because it is a managed care-like program and a state plan amendment from Centers for Medicare & Medicaid Services (CMS) would have been required for federal reimbursement. As a result, a pilot program was deployed to reduce hospital and medical charges by addressing medical conditions proactively. The contractor is paid a per member per month fee to case manage 5,000 patients. However, this program is not a true health home as the contractor is not a certified provider that will integrate and coordinate all primary, acute, behavioral health, and long-term services and supports to treat the whole person.													
The contract requested various reports regarding case management, which proved difficult to fulfill due to a lack of automated reporting and differences between reporting capabilities and reporting requirements. The division is working with the contractor to select standardized CMS core set metrics moving forward. The remainder of this contract will be eliminated in FY2024 as funding through Medicaid 1915 B Waiver will meet the needs of this program. The contract for this pilot program will be reduced by 50 percent.

This project builds on the work of the Mental Health Trust Authority and advisory boards, specifically related to the Alaska Mental Health Board and Advisory Board on Alcoholism and Drug (AMHB/ABADA), in the ongoing data linkage and analysis of Adverse Childhood Experiences (ACEs) and the impact on lifelong health and Trust beneficiary outcomes. The project will plan, organize, and implement data analyses to guide development of data-driven strategies and policies related to early intervention and prevention and enhance statewide capacity to comprehensively evaluate childhood trauma-related data. The project will work closely with Trust staff, advisory board staff and the various departments in developing near and long-term plans for ongoing initiatives that support the Trust and board mission, vision, and priority areas related to early intervention and prevention of behavioral health disorders.

Planning Coordinator (FY22-FY28)													
In FY2020, the department in conjunction with the Mental Health Trust Authority updated and implemented Strengthening the System, Alaska's Comprehensive Integrated Mental Health Program five-year plan. This statutorily required plan outlines the priorities and infrastructure needed for the next five years to inform program, planning, and funding decisions. This position collaborates with Trust staff to build needed capacity within the department to facilitate, manage, and coordinate resources necessary to ensure ongoing implementation, evaluation, and monitoring of the Comprehensive Integrated Mental Health Program plan.

Sec. XX. DEPARTMENT OF HEALTH AND SOCIAL SERVICES. The amount of federal receipts received from the American Rescue Plan Act of 2021 to support seniors and those with disabilities during the Novel Coronavirus (COVID-19), estimated to be \$5,000,000, is appropriated to the Department of Health and Social Services for the fiscal years ending June 30, 2022, June 30, 2023, and June 30, 2024.													
Several federal agencies are still issuing federal funds to states to support seniors and those with disabilities during the Novel Coronavirus (COVID-19). To date, the Division of Senior and Disabilities Services has received approximately \$5,000,000 in additional federal funding and could likely receive more.													
The federal funding will be used to support senior home delivered meals, family caregiver support, transportation services, and expanding access to COVID-19 vaccines to the disabled and aging population.

	MH Trust: Intensive At-Risk Early Intervention Services	23Gov IncT	460.0	0.0	0.0	0.0	0.0	0.0	460.0	0.0	0	0	0
The State of Alaska's Early Intervention/Infant Learning Program (EI/ILP) is housed within the Department of Health & Social Services, Division of Senior & Disabilities Services (DHSS-SDS) which serves as a single point of entry for infants and toddlers whose families or others have concerns about their child's development. Under the Individuals with Disabilities Act (IDEA), EI/ILP is responsible for implementing services to young children, birth to three years, who experience developmental delays and disabilities.													
In FY2023, community agencies will receive grants to hire highly qualified EI/ILP providers for up to four regional family service coordinator positions for an innovative project focused on high-risk families with young children. Family service coordinators will provide screening, developmental monitoring, relationship-based parenting guidance, and resource/referral supports to high-risk families with infants and toddlers referred by child welfare

agencies. This project will provide services to at least 200 at-risk families annually who are not eligible for early intervention under existing funding source criteria. The project will also work to remove systems barriers and identify sustainable funding to support the work after Mental Health Trust Authority funding fades over time.													
The overall goal of this project is to promote the success of children in their home communities by early identification of young beneficiaries who may not otherwise be identified and provide evidence-based services that support development and improve outcomes. By screening, evaluating, and enrolling more high-risk children in ILP services, beneficiary children are better prepared for kindergarten - a key indicator of later success. This project will support and strengthen parents' ability to effectively support their child's development by improving access to the resources they need. Family service coordinators will work to remove barriers to participation by tailoring family engagement strategies for this group of children and families. Pre-enrollment activities will be designed to increase engagement of this often transient and reluctant group of families who have children who are at increased risk of developmental delays, disabilities, and early mental health/social emotional concerns.

Senior and Disabilities Services (SDS) will dedicate a full-time staff member to the telehealth project to support operating infrastructure. Individuals who receive personal care assistance or Medicaid waiver services require an annual reassessment conducted by a SDS nurse assessor to continue being eligible for services. Service recipients who live outside of the regional hub communities can experience difficulties getting timely assessments due to staff availability, weather, flight schedules, unexpected travel, individual medical needs, or other unexpected events. Delayed assessments are inefficient and can result in higher costs associated with travel and rescheduling. Through telehealth, reassessments are conducted with the individual service recipient participating at their local clinic through collaboration with the regional health organization. This position will explore the possibility of other services or functions using telehealth to meet with individuals, family, or community members to improve access and timeliness of receiving services. Telehealth increases access to services through timely assessments, internal efficiencies, and ability to shift high travel costs.

Assistance and Program Coordination													
The Governor's Council on Disabilities and Special Education will continue to provide technical assistance to the Mental Health Trust Authority and public-private partners for implementation of key Beneficiary Employment and Engagement (BEE) strategies. BEE strategies promote increased self-sufficiency for Trust beneficiaries through competitive integrated employment. In addition to individual beneficiary outcomes, increased workforce participation supports economic development and reduces reliance on publicly funded programs. The Council will serve as a liaison to the Department of Labor and Workforce Development, Division of Vocational Rehabilitation, to support implementation of Employment First and Supported Decision-Making Agreement legislation and provide technical assistance to the departments of Health and Social Services and Labor and Workforce Development, provider agencies, and others who serve Trust beneficiaries.

MH Trust: Governor's Council on Disabilities and Special Education	23Gov	IncM	50.0	50.0	0.0	0.0	0.0	0.0	0.0	0.0	0	0	0
The Governor's Council on Disabilities and Special Education (GCDSE) is Federally funded to fulfill specific roles mandated by Congress. It is an expectation of the Mental Health Trust Authority that the GCDSE participate in planning, implementing, and funding a Comprehensive Integrated Mental Health Plan that serves people with developmental disabilities and their families. The positions supported with this funding enable the GCDSE to provide up-to-date, valid information to the Trust on beneficiary issues, identify trends, participate in Trust activities, enhance public awareness, and engage in ongoing collaboration with the Trust and partner boards.													
The Research Analyst 3 continues to provide the GCDSE with information about the needs of individuals with developmental disabilities and supports state operating infrastructure. Activities of this position, including travel, ensure GCDSE efforts are conducted within the framework of the Mental Health Trust Authority's guiding principles while still meeting Congressional requirements.													
The Planner 3 provides expertise and support related to the Comprehensive Integrated Mental Health Plan for issues related to special education services and beneficiaries experiencing developmental disabilities. This position ensures the Trust has consistent access to critical comprehensive planning information and resources related to specific interests of beneficiary interests informed by the GCDSE.
