FISCAL NOTE ANALYSIS

STATE OF ALASKA
2022 LEGISLATIVE SESSION

BILL NO. SB 132

Analysis

SB 132 removes the requirement for Alaska-licensed veterinarians to register with the state’s controlled substance prescription database, commonly referred to as the Prescription Drug Monitoring Program (PDMP). It also removes the requirement for veterinarians to review the animal owner’s/caregiver’s prescription history in the PDMP before prescribing, administering, or dispensing a federally scheduled II or III controlled substance, as well as the reporting requirement for submitting data on federally scheduled II – IV controlled substances. Under AS 17.30.200(d)(3), optional access by veterinarians would be permitted.

If the bill passes the following expenses will be incurred:

Services: \$1.7 (legal costs to amend regulations, printing, and postage in first year)

Professional licensing programs within the Division of Corporations, Business and Professional Licensing are primarily funded by Receipt Supported Services, fund source 1156 Rcpt Svcs (DGF). Licensing fees for each occupation are set per AS 08.01.065 so the total amount of revenue collected approximately equals the occupation’s actual regulatory costs.
