

January 26th, 2022

To: Representative Chris Tuck, Chair
House Special Committee on Military & Veterans' Affairs

From: Representative Kelly Merrick
HB 268 Prime Sponsor

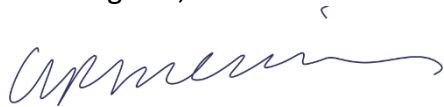

I respectfully request a hearing for HB 268, relating to driver's license renewal, be scheduled by the House special committee on military and veterans' affairs.

House Bill 268 version B broadens the time servicemembers and their families have to renew State of Alaska driver's licenses after receiving transfer orders. Current statute limits renewal to licenses within one year of expiration, and HB 268 would increase that to within two years of expiration for military personnel.

A copy of the sponsor statement is included with this hearing request, along with a brief sectional analysis. We expect to have a representative from the Department of Administration or Division of Motor Vehicles available during any hearing.

The staff assigned to this bill is Sorcha Hazelton (465-3777). Please reach out with any questions or comments.

Kind Regards,

Representative Kelly Merrick
House District 14 | Eagle River
