BILL HISTORY/ACTION FOR LEGISLATURE

- HEARINGFeb 08 Tuesday 3:30 PM (S)STATE AFFAIRS at BUTROVICH 205 TELECONFERENCED
- TITLE"An Act relating to COVID-19 immunization rights; and relating to objection to the administration of a COVID-19 vaccine."

Dear representative,

Although , I live out of state , I support this bill and willing to share my experience as a frontline worker.

I understand that with good intentions my Hospital promoted a badge buddy program that gave certain privileges

to those vaxxed so as to promote vaccination. I felt so discriminated as a lot of my coworkers walked around with this badge given the privilege to not wearing a shield . I sat in a classroom with my full shield and mask on while others didn't have them feeling like a second class citizen. I endured the beginnings of Covid and even with the use of full PPE gear did not prevent me from getting the virus. I was treated as a hero but then treated as a second class citizen later. I'm sure citizens in your state are sharing similar stories.

Please, heed to the voices of those who were mistreated during this pandemic and support this bill.

Sincerely,

Franck Chiron
