

2022 SESSION OPERATING BUDGET AMENDMENT PROPOSAL

OFFERED IN: The House Finance DOTPF Subcommittee

TO: HB 281 / HB 282

OFFERED BY: Rep. Hopkins

DEPARTMENT: Department of Transportation & Public Facilities

APPROPRIATION: Highways/Aviation & Facilities

ADD: Intent:

“It is the intent of the legislature that DOT&PF create and implement a method to solicit input from and consult with local municipalities, community organizations, Metropolitan Planning Organizations, Regional Transportation Planning Organizations and service areas on the creation and revision of the prioritized list of state-maintained roads and highways for snow plowing, and to coordinate these efforts, where appropriate, with local governments and service areas. This plan shall be developed and submitted to the Finance Committee Co-Chairs and Legislative Finance Division by December 20th, 2022.”

EXPLANATION: Severe weather events continue to stress local communities, neighborhoods and individual Alaskans. DOTPF has made remarkable efforts to respond to these events, but some neighborhoods and service areas across the state have reported numerous delays in DOTPF crews clearing major thoroughfares in their areas due to DOTPF prioritization of other roads for quicker service. This intent language requires that DOTPF solicit and consider local input in the prioritization of roads for snow clearing and plowing.
