1. This report is based on data collected October 15, 2021. Staff reported were working prior to or on October 1, 2021.

2. NA is used in the Turnover column when a district did not report staff in the related job group.

3. Inter-District Teacher Group: The Total Count includes all teachers. New Hires include any teacher designated by the district as new to the district.

4. Intra-District Teacher Group: The Total Count includes all teachers minus the number of New Hires since a teacher cannot be both a New Hire and an In-district Transfer.

In-district Transfer include all teachers who are not new to the districts in 2021-2022 and are not in the same job in the same school as the 2020-2021 school year.

5. Employees in each job group are unduplicated by school and, therefore, may be included in more than one school's Total Count.

6. Statewide Totals may not equal the sum of the school-level counts since some staff may be employed at multiple schools.
