Date: 03/04/22

FISCAL NOTE ANALYSIS

STATE OF ALASKA
2022 LEGISLATIVE SESSION

BILL NO. HB 256

Analysis

This bill amends AS 18.65.220 relating to powers of the Alaska Police Standards Council (APSC) by adding a new subsection requiring APSC to:

- Make recommendations and authorizing adoption of regulations relating to requiring a police officer, parole officer, municipal correctional officer, or correctional officer (officers) to report to a supervisor an incident in which an officer used deadly force or prepared to use deadly force against a person;
- Maintain a central registry of officers who have had a certificate denied or revoked for failing to meet standards adopted by APSC;
- Prepare and submit a report to the legislature detailing the information entered in the central registry in the preceding year; and
- Upon request, assist agencies in developing rules based on the recommendations or regulations adopted by APSC.

APSC meets quarterly and requires at least two meetings to endorse, publish, gather public comment, and adopt new regulations. Based on the July 1, 2022, effective date of the bill it is expected the regulations would be adopted by January 1, 2023.

Modules within APSC's information management system, ACADIS, can be used to create and maintain a central registry of officers who have had a certificate denied or revoked for failing to meet standards adopted by APSC. This would be an expansion of the current system, and is estimated to cost \$10,000 per year for online system hosting and data management services.

Preparation of an annual report to the legislature will involve staff time which would be lessened by the modifications to ACADIS and is not expected to require additional staff.
