House Resources:

I understand this resolution will be heard today in Juneau. As a lifelong Alaskan, raising my family here and hoping my children will enjoy rewarding careers in Alaska, I would like to state my support for leasing and development in NPRA.

Thank you!

Hello,

I strongly support HJR 34, as do my employees. After two very rough Covid years and the current Ukrainian crisis, Alaska and this country desperately needs to increase domestic oil and gas production. Please vote to pass HJR 34.

Sincerely,

Chuck Heath

Dear Committee Members:

On behalf of the Alaska Support Industry Alliance and their 500 member companies, I am writing to thank you for hearing HJR 34 and to express our support for the resolution. Oil and gas exploration and development in NPRA is critical to the future of our state. The global dynamics occurring currently highlight the need for America's energy independence and Alaska has the energy that America needs. Let's develop it here in Alaska, responsibly!

Thank you for your consideration.

I am writing in support of HJR 34 concerning the federal government's management of the National Petroleum Reserve Alaska. This is a well written Joint Resolution and should be approved and sent with little discussion.

Thank you.
