House Finance Committee
RE: FY22 Operating Budget Subcommittees

This memo provides a high-level framework for reviewing the operating budget by the House Finance Operating Budget Subcommittees. The subcommittee process is meant to increase members' understanding of the responsibilities and challenges facing the agencies and make relevant recommendations to the Fiscal Year 2022 (FY22) budget. Our goal will be ensuring that basic services are provided in an efficient and focused manner.

This year's *Legislative Fiscal Analyst's Overview of the Governor's Request* is available at <http://www.legfin.akleg.gov/Overview/Overview2022.pdf>. Please begin reviewing and working with your Legislative Finance Analyst.

SUBCOMMITTEE ADMINISTRATION AND OPERATION

Subcommittees should begin meeting the week of March 1st. The first subcommittee meetings should reach the following goals:

- 1) Understand budgetary actions taken over the past 10 years and the impact to the Department.
- 2) Understand the FY21 budget along with impacts and responses from agencies throughout the COVID pandemic.
- 3) Review the FY22 Budget; including increments, decrements, and any requests related to the overall success in completing the department's mission offered in the Governor's budget.
- 4) Provide a report to the House Finance Committee on the actions and recommendations of the subcommittee.

The subcommittees will utilize the Legislative Finance Division (LFD) and various materials specific to the Departments to help subcommittee members understand the historic significance of previous Legislatures and review of the Departments. An all-inclusive approach should be applied to the subcommittees action as they make decisions on the FY22 budget.

SUCOMMITTEE BUDGET REVIEW PROCESS & REQUIREMENT

Subcommittees are to review the numbers section of their agency budgets and discuss budget detail transactions such as increments, decrements, transfers, new positions or position changes, fund source changes, etc. It is the expectation that all subcommittees will work with the LFD Budget Analyst to ensure a comprehensive and succinct schedule is created for each Subcommittee. This will ensure the necessary budget actions are addressed as the Subcommittee moves through the process.

The main tool of the Subcommittee will be the Subcommittee Binders. Should include the following:

- 1) *Statewide Budget Items*
 - a. *Fiscal Summaries*
 - b. *Budget History Graph*
 - i. *Long Term*
 - ii. *Short Term*
 - c. *Swoop Graph (specifically reflecting the departments relation to the overall budget)*
 - d. *Approximate Fund Balances*
- 2) *Agency FY12-FY22 Look Back Graphs*
 - a. *All Funds Graph*
 - b. *GF Only Graph*
 - c. *GF Only Appropriation/Allocation Summary*
- 3) *Transaction Comparison (FY22 Adjusted Base to FY22 Governor's Amended Request)*
- 4) *Department Program Priority Matrix*
- 5) *FY22 Subcommittee Book*
- 6) *FY21 CC Book*
- 7) *Individual Subcommittee Meeting materials*

Binders and the detailed information should be made available to all subcommittee members online by the first meeting of the subcommittee. At least one physical binder with the essential material should be provided to the office of each subcommittee member. The OMB Operating Budget Details reports <https://omb.alaska.gov/fiscal-year-2022-amended-budget/> should be made available to all subcommittee members online.

During the subcommittee process members should consider:

1. The subcommittee will not add any increments that increase the budget above the Adjusted Base (Unrestricted General Funds) unless there is a corresponding decrement to offset the additional funds or a valid fund source change.
2. The Governor's FY22 Amendments should be considered as part of the overall review of each subcommittee.
3. Accepting and/or declining Interdepartmental Transfer-Ins (ATrIns) and Transfers-Outs (ATrOuts) require coordination between both subcommittees impacted, LFD, and the Operating Budget Co-chair before a decision is made.
4. Budget items not to be considered by the Subcommittee are as follows:
 - a. Governor's Supplemental Budget
 - b. Changes to the Language section of the Operating Budget
 - c. Structure changes to appropriations

- i. Structure changes is reserved for House Finance Committee. A subcommittee can recommend structure changes to a specific appropriation, but the House Finance Committee will vote and approve the change.
5. How the past year's FY21 budget changes were implemented in each Appropriation/ Results Delivery Unit (RDU), and how they impact the future budget of the department? (example: Past veto Impacts, COVID Funding, continued efficacies identified during the response to the COVID pandemic, impacts to programs and divisions from funding reductions).
6. FY22 services the department provides, what it costs, and the results Alaskans receive for their investment; along with any reductions or improvement of services expected due to budgetary actions.
7. Changes the department anticipates in the future and the sustainability of services the department provides.
8. (as applicable) Any budget actions that would require statutory changes that could change funding or decrease expenditures.
9. (as applicable) Indirect Expenditures, what are the priority statutory could increase revenue?
10. *Regarding Items 8 & 9, the subcommittee should not discuss the legislation, instead review the potential fiscal changes that would impact the department's operating budget and make recommendations to the House Finance Committee if potential legislation is required.*

SUBCOMMITTEE CLOSE-OUT

The agency budgets should be reported out of the subcommittee and subcommittees closed out no later than March 26th.

Subcommittee chairs should use the Budget Action (BA) sheets provided by Legislative Finance as part of the close-out procedures. In addition to the BA sheets and the associated reports, Chairs will also need to prepare a subcommittee narrative that highlights actions taken in subcommittee. Detailed Close-Out Memo will be provided before subcommittees close out.

MEETINGS

Subcommittees should be given the highest priority possible during the scheduled time frame for standing and special committees until the subcommittee closes out. Subcommittees are not to be scheduled during the normal House Finance Committee meeting time of 1:30 to 3:30 p.m., Monday through Friday without prior approval and notification.

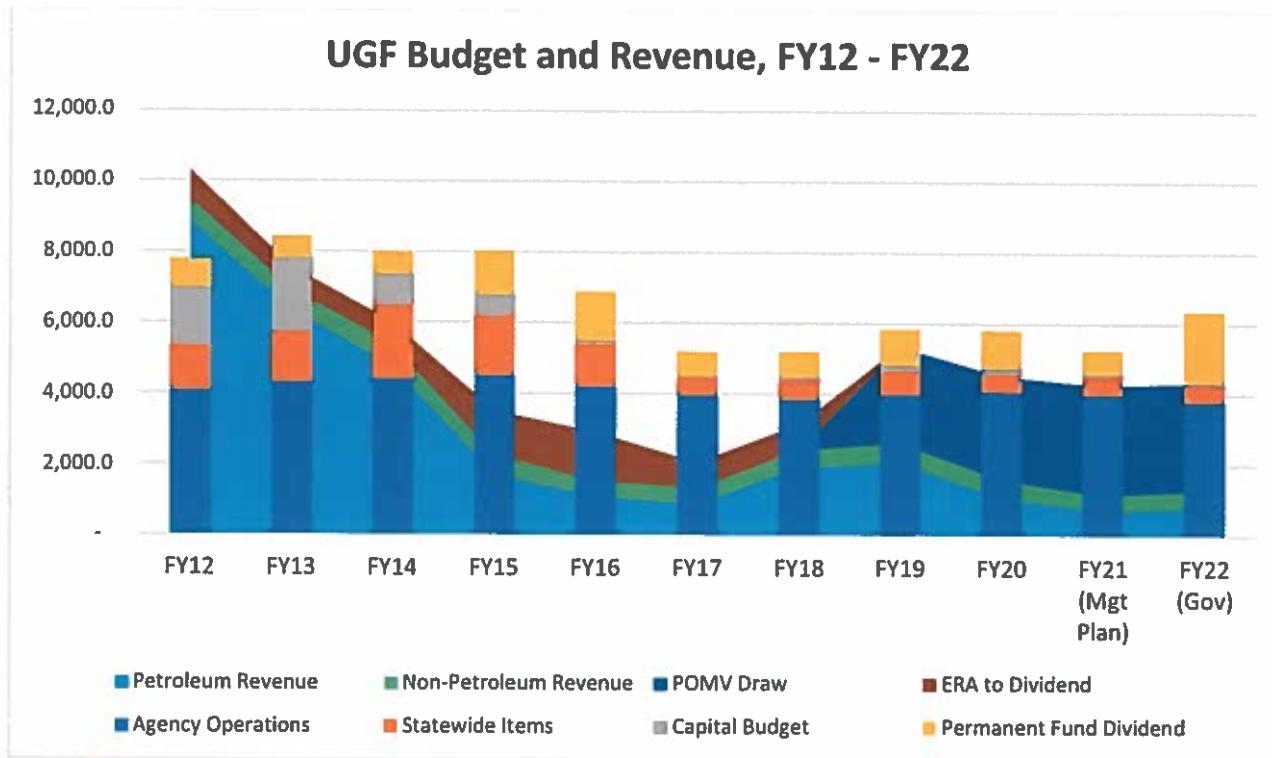

CLOSING

Please feel free to contact me or my staff, Brodie Anderson at 465-4858 or Patrick Fitzgerald at 465-6841, if you have questions or suggestions.

Item	Appropriation / Allocation	Description	Amount / Fund Source	Comment
1	Workers' Compensation / Second Injury Fund	Restore Omnibus Workers' Compensation Ch91 SLA2018 (HB79)	\$400.0 Sec Injury (DGF)	The referenced fiscal note had projected additional annual reductions of (\$400.0) in the Second Injury Fund (SIF). However, the fiscal note did not consider that 95% of SIF claims are for permanent total disability, meaning the claim will be paid for the life of the claimant. This will take decades for the fund liabilities to be fully absolved and therefore, the division will require the \$400.0 expenditure authority to make payments from the fund.
2	Employment and Training Services / Various	Open-Ended Federal Receipt Authority Associated with COVID-19	Net Zero	Open-ended federal receipt authority was added to the Employment and Training Services appropriation in sec. 29(e) & (f), ch. 8, SLA 2020 for the purposes of receiving federal awards associated with COVID-19. This includes receiving federal funding to make unemployment insurance payments. Similar language is added to the Governor's FY22 budget proposal.
3	Vocational Rehabilitation / Client Services	Decrease General Fund Match to Client Services' Basic Support Federal Grant	Net Zero \$662.8 Fed Recpts (Fed) (\$662.8) GF/Match (UGF)	This is a one-time fund change as the department plans to leverage available federal funds for FY22 and will re-evaluate the general fund match need for FY23.

2	Workers' Compensation / Second Injury Fund	LFD Adjustment to Restore Fiscal Note OTI Ch. 91 SLA 2018 (HB79) to Match the Governor's Bill	Net Zero	Net Zero	<p>Adjustment to Correct 2018 Fiscal Note Error Unrealized Fiscal Note Protection: (\$400.0) Second Injury Fund (DGF) Retained FY21 Funding: \$400.0 Second Injury Fund (DGF)</p> <p>When HB 79 (Ch. 91, SLA 2018, Omnibus Workers' Compensation) was passed during the 2018 legislative session, the Second Injury Fund (SIF) provided a fiscal note stating that the fund could reduce expenditure authority for grants and benefits over five years until the expenditure authority was zeroed out. After further review, it has become clear that the fiscal note did not consider that 95% of SIF claims are for permanent total disability, meaning the claim will be paid for the life of the claimant. It will likely take decades for the fund liabilities to be fully absolved, and the division will require expenditure authority to make payments.</p> <p>This net zero transaction reflects both the projected savings as well as the retained FY21 funding.</p>
3	Labor Standards and Safety / Wage and Hour Administration	Replace UGF with GF/PR to Correct Categorization of Certified Payroll Filing Fees	Net Zero	(\$1,400.0) Gen Fund (UGF) \$1,400.0 GF/Prgm (DGF)	<p>Fiscal Analyst Comment: The referenced fiscal note also projected additional annual reductions of (\$400.0) through FY24. Based on the Department's update that the Second Injury Fund will not be phased out in the near future, these reductions are not anticipated to occur.</p> <p>The Wage and Hour Administration component collects certified payroll fees from contractors in Alaska under AS 36.05.045. Historically, the Department has collected these fees and deposited them directly into the general fund, then requested unrestricted general fund appropriations. These receipts meet the definition of program receipts under AS 37.05.146(a). This change correctly reflects certified payroll filing fee revenue as general fund program receipts.</p>

Both positions are located in Juneau and had been vacant for one year due to a reduction in workload. The positions included an Accounting Technician II and an Employment Security Analyst.
8	Alaska Vocational Technical Center / Alaska Vocational Technical Center	Add Authority to Reflect Tuition and Fee Increases	\$250.0 GF/Prgm (DGF)	\$250.0 GF/Prgm (DGF)	This increment allows the Alaska Vocational and Technical Center (AVTEC) to collect and expend revenue from tuition and fee increases. AVTEC is pursuing revenue generation opportunities to keep charges aligned with increasing instructional costs while still remaining more affordable than comparable post-secondary training providers in Alaska. AVTEC's tuition rates increased by four percent as well as fees for student consumables and services related to technical instruction where expenditures are not fully supported by fee collection.
9	Alaska Vocational Technical Center / Alaska Vocational Technical Center	Add Authority for Contract Training in Response to Industry	\$234.1 Stat Desig (Other)	\$234.1 Stat Desig (Other)	This increment allows AVTEC to continue working with industry to provide focused, timely training to further develop Alaska's workforce, and to expend receipts collected from those non-State entities to conduct contracted trainings and support program operations.

Trust Fund Financing

- Key Components

- The system seeks to maintain a reserve sufficient to handle a vast majority of potential benefit costs via a reserve ratio target.
 - A solvency adjustment may be added to base tax rates in years where the fund falls outside of target range.
- Recaptures state liabilities paid out in previous years.
 - 3 year averaging to smooth changes in tax rates from year-to-year.
- Indexed taxable wage base.
 - Currently set at \$43,600 (equivalent to 75% of the annual average wage).
