Subject: Comment on SB 62

As a homeowner, business owner and local resident who relies on well water, I am voicing my **opposition** to Senate Bill 62. I have friends in the lower 48 who have had wells contaminated permanently by fracking. Hillcorp has a terrible safety record and has needlessly and recklessly endangered the economy, human health and ecosystems of our area before. This bill is toxic all around, and represents an attempt by Dunleavy to undermine the democratic process and upend important laws.

This is a clear violation of the intent and purpose of Kachemak Bay Critical Habitat Area, with risks that far outweigh any potential benefit. Please do not gamble with our lives, economy and ecology.

Please vote this bill out of existence. Keep our critical habitat areas protected.
