Dear Senator Stevens,

I am writing in support of SB 186. I am an optometrist practicing in Anchorage and the Board of Examiners in Optometry are essential to my practice. The Board of Examiners in Optometry helps protect the public by implementing standards that restrict the practice to qualified individuals who have met specific qualifications in education, work experience, and exams. The Board of Examiners in Optometry also develops advisory opinions regarding optometric practice procedures such as mandatory PDMP/Opioid education for initial licensure and renewal for current licensees. Thank you for your consideration in this matter which is essential to the practice of optometry in the state of Alaska.

Sincerely,

Jessica Giesey, O.D.
