18 early education program standards at the end of that fiscal year, the department may,
19 in the discretion of the commissioner, provide an additional remediation grant to allow
20 the district not more than one additional fiscal year to meet the standards. Nothing in
21 this section prohibits a district from using its own funds to continue the remediation
22 process.

23 (e) A student in an early education program may not be counted in a district's
24 ADM under AS 14.17.500 unless the department has approved the program.

26 other early education funding available to districts.

29 within the district, consult with each local and tribal head start program within the

27 rates; and

28 (F) increase parental involvement; and

29 (5) provides for effective and efficient coordination with or expansion
30 of early education programs operating in the state, to the extent permitted by law.

31 (b) A school district shall, to the extent space is needed and available, provide

* Sec. 24. AS 14.14.115(a) is amended to read:

(a) To encourage cooperative arrangements between school districts **and between school districts and private businesses, nonprofit organizations, or government agencies** to provide more efficient or economical administrative or educational services, a school district may receive a one-time cooperative arrangement grant from the department of up to \$100,000. **The department shall ensure that grant funds provided to districts under this section do not provide direct benefit to private educational institutions.**

7 receives state or federal funding other than funding under this chapter.

8 (f) A school district may not include in a school's ADM students who are four

10 state aid attributable to district-wide early education programs approved under
11 AS 14.03.410 of more than \$3,000,000 from the previous fiscal year. The department
12 shall prioritize the funding of district-wide early education programs, giving priority to
13 school districts with lower performance, based on the department's ranking of districts
14 under AS 14.03.410(c). When the number of students in a district-wide early
15 education program will result in an increase of total state aid attributable to district-
16 wide early education programs approved under AS 14.03.410 of more than \$3,000,000
17 from the previous fiscal year, the department may identify the amount, up to

28 (1) a community with an ADM of at least 10, but not more than 100,
29 shall be counted as one school;

30 (2) a community with an ADM of at least 101, but not more than 425,
31 shall be counted as

(A) one elementary school, which includes those students in grades kindergarten through six and, except as provided in AS 14.17.500, in an early education program provided by a school district and approved by the department under AS 14.07.020(a)(8); and

(B) one secondary school, which includes students in grades seven through 12;

(3) in a community with an ADM of greater than 425, each facility that is administered as a separate school shall be counted as one school, except that each alternative school with an ADM of less than 175 shall be counted as a part of the school in the district with the highest ADM.

* **Sec. 28.** AS 14.17.905(a), as amended by sec. 27 of this Act, is amended to read:

(B) one secondary school, which includes students in grades seven through 12;

(3) in a community with an ADM of greater than 425, each facility that is administered as a separate school shall be counted as one school, except that each alternative school with an ADM of less than 175 shall be counted as a part of the school in the district with the highest ADM.

* **Sec. 29.** AS 14.20.015(c) is amended to read:

(c) The preliminary teacher certificate issued under this section must contain the same endorsements as those on the current valid teacher certificate issued by the

other state. However, before teaching students in grades kindergarten through three, a teacher certificated under this section must complete coursework, training, or testing requirements, and demonstrate proficiency as determined by the department, in phonemic awareness, phonics, vocabulary development, reading fluency, oral language skills, and reading comprehension approved by the board in regulation. A teacher may apply coursework, training, or testing requirements completed under this subsection toward continuing education requirements established by the board in regulation.

* **Sec. 30.** AS 14.20.015(c), as amended by sec. 29 of this Act, is amended to read:

[HOWEVER, BEFORE TEACHING STUDENTS IN GRADES KINDERGARTEN THROUGH THREE, A TEACHER CERTIFICATED UNDER THIS SECTION MUST COMPLETE COURSEWORK, TRAINING, OR TESTING REQUIREMENTS IN PHONEMIC AWARENESS, PHONICS, VOCABULARY DEVELOPMENT, READING FLUENCY, ORAL LANGUAGE SKILLS, AND READING COMPREHENSION APPROVED BY THE BOARD IN REGULATION. A TEACHER MAY APPLY COURSEWORK, TRAINING, OR TESTING REQUIREMENTS COMPLETED UNDER THIS SUBSECTION TOWARD CONTINUING EDUCATION REQUIREMENTS ESTABLISHED BY THE BOARD IN REGULATION.]

* **Sec. 31.** AS 14.20.020(i) is amended to read:

(i) A [BEGINNING ON JULY 1, 1998, A] person is not eligible for an initial regular teacher certificate unless the person has taken and successfully completed a competency examination or examinations designated, at the time the person took the test, by the board. The board shall review nationally recognized examinations that are designed to test the competency of new teachers and shall designate those examinations that it finds adequately test the skills and abilities of new teachers. For each examination designated under this subsection, the board shall establish the minimum acceptable level of performance, including a passing score. The board shall reevaluate the passing score for a competency examination at least once

every five years and shall review each examination designated by the board at least once every three years. The board shall prioritize the review of those examinations for which the minimum passing score deviates the most from the mean passing score adopted by other jurisdictions. When reevaluating a passing score for a competency examination, the board shall consider the historical effect of the established passing score, the potential effect of changing the passing score, and the passing score currently used for the examination by other jurisdictions. The board may allow a teacher who passed a comparable competency examination required by another jurisdiction to use a score from the other jurisdiction to satisfy the competency examination requirements under this subsection. The board shall adopt regulations to implement this subsection. A regulation that changes the passing score on a competency examination takes effect on the date that is one year after the date the board adopts the regulation, or a later date prescribed by the board. In this subsection, "competency examination" includes a basic competency examination with components in reading, writing, and mathematics and a subject area examination that is specific to the subject area in which the teacher will be teaching.

* **Sec. 32.** AS 14.20.020 is amended by adding a new subsection to read:

(l) Before teaching students in grades kindergarten through three, a teacher certificated under this section must complete coursework, training, or testing requirements in phonemic awareness, phonics, vocabulary development, reading fluency, oral language skills, and reading comprehension approved by the board in regulation. A teacher may apply coursework, training, or testing requirements completed under this subsection toward continuing education requirements established by the board in regulation.

* **Sec. 33.** AS 14.30 is amended by adding new sections to read:

Article 15. Reading Intervention.

Sec. 14.30.760. Statewide screening and support. (a) To implement the district reading intervention services established under AS 14.30.765, the department shall

(1) adopt a statewide screening tool to administer to students in grades

kindergarten through three to identify students with reading deficiencies, including students with characteristics of dyslexia; the screening tool must evaluate

(A) phonemic awareness, letter naming fluency, letter sound fluency, and letter word sound fluency of students in kindergarten;

(B) letter word sound fluency and oral reading fluency of students in grade one;

(C) vocabulary and oral reading fluency of students in grades two and three;

(2) support teachers of grades kindergarten through three by

(A) administering the statewide screening tool three times each school year, once in the fall, once in the winter, and once in the spring, to all students in grades kindergarten through three, with the exception of students who demonstrate sufficient reading skills on the first screening of the school year;

(B) providing methods to monitor student progress;

(C) providing targeted instruction based on student needs as determined by the results of the screening tool; and

(D) providing additional assistance as determined by the department;

(3) provide training to school district staff related to using the results of the statewide screening tool and understanding evidence-based reading interventions, including explicit and systematic instruction in phonemic awareness, phonics, vocabulary development, reading fluency, oral language skills, and reading comprehension;

(4) require that districts identify the early education programs attended by students and report to the department the average score on each performance screening tool by students in grades kindergarten through three who

(A) attended a state-approved early education program;

(B) attended a Head Start program;

(C) attended a private early education program;

(D) did not attend an early education program;

(5) establish a process that allows the commissioner to waive, upon request, use of the statewide screening tool required under this subsection by a school district if the school district has adopted an evidence-based reading screening tool and the screening tool is approved by the department;

(6) review, approve, and assist districts developing alternative standardized reading screening tools in any language for use by school districts.

(b) In adopting a statewide screening tool under (a)(1) of this section, the department shall consider the following factors:

(1) the amount of time needed to administer the screening with the intention of minimizing effects on instructional time;

(2) the time frame for reporting screening results to teachers, administrators, and parents or guardians;

(3) the integration of the screening with student instruction and department support;

(4) recommendations from a task force, working group, or committee created by law and charged with studying issues related to reading proficiency and reading deficiencies; and

(5) whether the screening tool is culturally responsive.

Sec. 14.30.765. Reading intervention services and strategies; progression.

(a) Each school district shall offer intensive reading intervention services to students in grades kindergarten through three who exhibit a reading deficiency to assist students in achieving reading proficiency at or above grade level by the end of grade three. The district shall provide the intensive reading intervention services in addition to the core reading instruction that is provided to all students in the general education classroom. The intensive reading intervention services must, to the extent practicable,

(1) be provided by a district reading teacher, or paraprofessional under the supervision of a reading teacher, to all students in grades kindergarten through three who are determined to have a reading deficiency based on the statewide screening tool adopted under AS 14.30.760(a)(1);

(2) provide explicit and systematic instruction in phonemic awareness, phonics, vocabulary development, reading fluency, oral language skills, and reading

comprehension, as necessary;

(3) use evidence-based reading intervention methods that have shown proven results in accelerating student reading achievement within a single school year;

(4) include instruction with detailed explanations, extensive opportunities for guided practice, and opportunities for error correction and feedback;

(5) incorporate daily targeted small group reading instruction based on student needs, either in person or online;

(6) monitor the reading progress of each student's reading skills throughout the school year and adjust instruction according to student needs;

(7) be implemented during regular school hours through any available method, including in person or through online delivery by teachers or specialty reading coaches;

(8) be implemented outside of regular school hours, as directed in the student's individual reading improvement plan under (b) of this section, for a student who scores at the lowest achievement level on the statewide screening tool;

(9) be reviewed based on a department-approved response to intervention or multi-tiered system support models, addressing additional support and services needed to remedy identified needs; and

(10) support reading intervention at home by parents or guardians by offering a list of adult literacy resources and organizations, providing opportunities for parent or guardian participation in training workshops, and encouraging regular parent or guardian-guided home reading activities.

(b) In addition to the reading intervention services provided under (a) of this section, a school district shall provide an individual reading improvement plan for each student in grades kindergarten through three who is determined to have a reading deficiency based on the statewide screening tool. An individual reading improvement plan developed under this section must

(1) be implemented not later than 30 days after identification of the reading deficiency;

(2) be created by the student's reading teacher in consultation with the school principal, the student's parent or guardian, and other pertinent district staff;

(3) describe the evidence-based reading intervention services the student will receive to achieve and demonstrate sufficient reading skills;

(4) provide reading intervention services outside of regular school hours for a student who scores at the lowest achievement level on the statewide screening tool consistent with (a)(8) of this section;

(5) include a process for monitoring progress and adjusting the plan based on student needs;

(6) provide to the student's parent or guardian at least 10 reading progress updates each school year;

(7) be culturally responsive; and

(8) support the student reading at home with a parent or guardian by offering a list of adult literacy resources and organizations, providing opportunities for parent or guardian participation in training workshops, and encouraging regular parent or guardian-guided home reading activities.

(c) If at any time during the school year a student in grades kindergarten through three demonstrates a reading deficiency, the district or school shall notify the student's parent or guardian. The initial notification must

(1) be provided to the student's parent or guardian not later than 15 days after identification of the reading deficiency;

(2) state that the district identified the student as having a reading deficiency and that a reading improvement plan will be developed under (b) of this section;

(3) describe current services that the district is providing to the student;

(4) describe the proposed evidence-based reading intervention and supplemental instructional services and supports that the district will provide to the student to improve the identified area of reading deficiency;

(5) explain that the district or school will inform the parent or guardian orally or in writing, as selected by the parent or guardian, of the student's progress toward grade level reading as outlined in the student's individual reading improvement plan;

(6) identify strategies for the parent or guardian to use at home to help

the student succeed in reading;

(7) explain that if the student has a reading deficiency at the end of the school year and is in grades kindergarten through two, the student's progression may be delayed unless the student has previously not progressed to the next grade;

(8) explain that a student in grade three should demonstrate sufficient reading skills to progress to grade four under (e) of this section, unless the student receives a waiver under (f) of this section or has previously not progressed to the next grade;

(9) explain the process and deadline to request a waiver under (f) of this section; and

(10) identify mid-year progression as an option for students who do not progress to the next grade.

(d) If it is determined, based on a statewide screening administered in the spring, that a student in grades kindergarten through two has a reading deficiency, the student's teacher and other pertinent district staff shall notify and attempt to meet with the student's parent or guardian to explain that the student will not be able to maintain adequate academic progress at the next grade level. School staff shall work with the parent or guardian to schedule a date, time, and place for the meeting, to be held not later than 45 days before the end of the school year. Following that meeting, the parent or guardian shall determine whether the student will progress to the next grade. If no parent or guardian attends the meeting or if the parent or guardian does not determine whether the student will progress to the next grade, the superintendent or the superintendent's designee shall, after considering the student's best interest and whether the student has previously not progressed to the next grade, determine whether the student will progress to the next grade.

(e) A student in grade three should demonstrate sufficient reading skills to progress to grade four. A student demonstrates sufficient reading skills to progress to grade four by

(1) scoring at grade level or higher on the statewide screening tool or on the statewide summative assessment;

(2) achieving an acceptable score on an alternative standardized

reading screening as determined and approved by the department; or

(3) demonstrating mastery of reading standards through a student reading portfolio based on criteria established by the department.

(f) If it is determined, based on a statewide screening administered in the spring, that a student in grade three has a reading deficiency, and the student does not demonstrate sufficient reading skills to progress to grade four under (e) of this section, the student's teacher and other pertinent district staff shall notify and attempt to meet with the student's parent or guardian to explain that the student is not prepared to progress to grade four. School staff shall work with the parent or guardian to schedule a date, time, and place for the meeting, to be held not later than 45 days before the end of the school year. Following that meeting, the parent or guardian may decide that the student will not progress to grade four or decide to progress the student to grade four by signing a waiver developed by the department acknowledging that the student is not prepared and agreeing that the student will participate in an additional 20 hours of individual reading improvement plan intervention services during the summer before the student enters grade four. If no parent or guardian attends the meeting or if the parent or guardian does not determine whether the student will progress to the next grade, the superintendent or the superintendent's designee shall, after considering the student's best interests and whether the student has previously not progressed to the next grade, determine whether the student will progress to grade four.

(g) A superintendent or superintendent's designee may exempt a student from delayed progression when progression is in the student's best interests. When determining if progression is in a student's best interests, the superintendent or superintendent's designee shall consider whether

(1) the student has received intensive reading intervention services for two or more years and still demonstrates a reading deficiency;

(2) the student's primary language is a language other than English;
and

(3) the student has a disability and has an individualized education plan under AS 14.30.278 or a plan under 29 U.S.C. 794.

(h) If no parent or guardian attends the meeting, and a superintendent or

superintendent's designee decides that a student in grades kindergarten through three will not progress to the next grade under (d) or (f) of this section, the district or school in which the student is enrolled shall provide immediate oral and written notification to the student's parent or guardian. The written notification must explain that the parent or guardian may reschedule the meeting provided under (d) or (f) of this section and that during a meeting

(1) for a student in grades kindergarten through two, the parent or guardian may decide to progress the student; and

(2) for a student in grade three, the parent or guardian may decide to progress the student to grade four by signing a waiver under (f) of this section.

(i) For a student who does not progress to the next grade under (d) or (f) of this section, or who progresses to the next grade with a waiver under (f) of this section, the district in which the student is enrolled shall

(1) review the student's individual reading improvement plan;

(2) provide intensive reading intervention services to improve the area of reading deficiency using effective instructional strategies to accelerate student progress;

(3) provide additional services and support to improve the student's identified area of reading deficiency, including

(A) a transitional instructional setting that is designed to produce learning gains;

(B) supplemental tutoring offered by a person with specialized reading training;

(C) an increase in time dedicated to the reading instruction methods described in (a)(3) - (5) of this section, including more extensive opportunities for guided practice and error correction and feedback;

(4) develop a plan for reading at home outlined in an agreement with the student's parent or guardian, including parent or guardian participation in training workshops and regular parent or guardian-guided home reading activities.

(j) For a student who does not progress to grade one, grade two, or grade three

under (d) of this section, the district in which the student is enrolled shall, upon request by the student's parent or guardian, develop a plan for the student's mid-year progression.

(k) A school district shall adopt a policy providing for mid-year progression of a student who does not progress to grade four under (f) of this section if the student

(1) demonstrates sufficient reading skills to progress to grade four on the fall or winter statewide screening; and

(2) meets additional requirements determined by the district, including satisfactory achievement in other subject areas.

(l) A district shall, for the remainder of the academic year, and, if necessary, for additional school years, continue to implement an individual reading improvement plan for a student promoted mid-year under (j) or (k) of this section.

(m) Unless a parent or guardian decides that a student will not progress to the next grade under (d) or (f) of this section, a district or school may not delay the student's progression under this section if the student previously did not progress to the next grade.

(n) In this section, "reading teacher" means a teacher who

(1) holds a valid teacher certificate under AS 14.20;

(2) has demonstrated effectiveness in instructing students to read at or above grade level as measured by student reading performance data and in teacher performance evaluations; and

(3) meets the requirements established by the state Board of Education and Early Development in regulation.

Sec. 14.30.770. Department reading program. (a) The department shall establish a reading program to provide direct support for and intervention in intensive reading intervention services annually in the lowest-performing 25 percent of schools serving students in grades kindergarten through three as determined under AS 14.03.123. The department shall determine how many schools may be adequately served by the department's reading specialists and select schools from the lowest-performing 25 percent of schools to participate in the reading program. A school participating in the reading program that remains in the lowest-performing 25 percent

of schools as determined under AS 14.03.123 may apply to participate in the reading program again in the following school year. State funding provided to participating schools for implementation of the reading program is in addition to the amount of funding provided under AS 14.17. In conducting the program, the department shall

(1) use the accountability system established in AS 14.03.123 to identify low performing schools;

(2) establish an application process for school districts to apply to participate in the program;

(3) select low performing schools from the schools that apply to participate in the program;

(C) training teachers in data analysis and using data to differentiate instruction;

(D) leading and supporting reading leadership teams; and

(E) reporting on school and student performance to the department;

(5) establish a reporting process for each reading specialist to submit updates to the department on implementation of the program;

(6) work with reading specialists to create specific improvement goals for each school selected, including measures of interim progress;

(7) select and purchase additional reading material for each school selected to supplement the intensive reading intervention services;

(8) pay travel and associated costs for a reading specialist to attend relevant training sessions identified by or hosted by the department;

(9) periodically review staff development programs for their

effectiveness in developing reading skills and, after consultation with school districts and experts, recommend to the board for approval staff development programs that

(A) have been proven to assess and accelerate student progress toward reaching reading competency;

(B) provide explicit and systematic skill development in the areas of phonemic awareness, phonics, vocabulary development, reading fluency, oral language skills, and reading comprehension;

(C) are evidence-based and reliable;

(D) provide initial and ongoing analysis of student progress toward reaching reading competency; and

(E) include texts on core academic content to assist students in maintaining or meeting grade-appropriate proficiency in academic subjects in addition to reading.

(b) A school selected to participate in the reading program established under this section shall

(1) ensure that a reading specialist assigned to the school is not required to perform functions that divert from the duties the department has assigned to the reading specialist;

(2) coordinate with the reading specialist or specialists to redesign the school's daily schedule to dedicate time to reading program activities, including intensive reading intervention services identified in a written agreement between the school and the department;

(3) present on the reading program established under this section and the intensive reading intervention services established under AS 14.30.765 at a public meeting; the presentation must include

(A) the data the department used to identify the school as eligible for the reading program;

(5) present an annual update on the school's implementation of the reading program and intensive reading intervention services at a public meeting with notice provided to the parent or guardian of each student at least seven days before the date of the meeting;

(6) create partnerships between the school, the families of students, and the community that focus on promoting reading and increasing the amount of time that students spend reading.

(c) The department shall publish on the department's Internet website and make available to the public

(1) a completed application from each school selected to participate in the reading program; and

(2) the reading program and intensive reading intervention services implemented by each school selected to participate.

(d) The department may employ a person as a reading specialist under this section if the person

(1) holds a valid teacher certificate issued under AS 14.20;

(2) has completed an approved graduate program for the preparation of reading specialists at an approved institution of higher education and

(A) has completed a supervised practicum or internship as a reading specialist; or

10 (b) For teachers delivering or facilitating virtual coursework to students
11 through the consortium database, the consortium shall provide training and

The fees must approximately equal the consortium's prorated administrative costs related to reviewing and approving courses and maintaining the database.

(e) A school district that provides a course included in the database may charge a fee to the school district in which a student who takes the course is enrolled. The department shall establish the fee in regulations.

(f) The consortium may require, as a condition of participation, that school districts that provide courses or have students participating in courses included in the database under (a) of this section adopt the same school term and class schedule for all or part of a school day. The school term must meet the requirements of AS 14.03.030.
