## FISCAL NOTE ANALYSIS

STATE OF ALASKA  
2022 LEGISLATIVE SESSION

—

**Analysis**

This bill establishes a teacher apprentice program within the Department of Education & Early Development (DEED) and a new teacher certificate that recognizes individuals participating in the teacher apprentice program as licensed teachers.

In addition, this bill requires DEED to conduct a study that assesses the needs for teacher housing in rural areas of the state and to provide a report on the study to the legislature by December 31, 2023.

As part of the study, DEED would be required to develop an inventory of current teacher housing, the condition of that housing, and capital improvements needed for existing housing. DEED would also be required, in collaboration with the Department of Labor and Workforce Development, to develop a needs-based projection of additional teacher housing, and in collaboration with the Alaska Housing Finance Corporation, develop a funding plan to meet the needs for teacher housing identified in the study.

This fiscal note includes the cost of utilizing a contractor to conduct the study, which will include the inventory of current teacher housing, the condition, and capital improvement needs, as well as develop the report on long-term teacher housing needs and plans to meet those needs. A multi-year appropriation of \$550.0 covering FY2023 and FY2024 would allow the department to expend funding over the two years.

No effective date has been provided.
