---

---

## **Profile**

As a conservationist who cares deeply for the future of our resources, it is the highest honor to be appointed to the Alaska Board of Game. I started Hunting in Iowa in 1989. In 2006 I accompanied my husband Louis on a Bison Hunt in Delta Junction at 20 below. I moved permanently to Alaska in 2007 and have been hunting, fishing, and practicing conservation stewardship here ever since. I will continue to advocate for sustainable management of Alaska’s shared resources under the principles outlined in our Alaska Constitution and promote wise use and safety education through my volunteer service. This appointment is one of great responsibility and an opportunity to further serve as an ambassador for ethical use.
