Rep. Josiah Patkotak

As the Chair of the House Resources Committee, I would like to show my support for Governor Mike Dunleavy's appointment to the Board of Game. I first met Ruth a few years back at some fund raising banquets. We too became very acquainted as another woman hunter. I am friends of her on social media where I learn even more about Ruth as a hunter. Ruth has a big concern for healthy game populations, helping youth, volunteering on all the clinics helping woman & kids, and Military folks in need. I feel that is a great quality in a Board of Game Member. As a woman myself and past Board of Game member 1993-96, I feel the board needs a woman to help balance the board. Her experience will be valuable. Ruth has the ability to listen and ask questions to make better decisions. I lived in rural Alaska the past 45 years 16 miles east of Mentasta Lake. I have close connections with the people in the village of Mentasta. I believe Ruth knows many people in rural Alaska to be able to glean their knowledge & experience to add to her ability to make good decisions. I have to say being retired will be very helpful for Ruth to have the time to spend on this challenging board. I support Ruth. I hope you do too.

Thanks for the opportunity to give my support. Good luck in the work you do for Alaskans and making good decisions.

Respectfully yours.
Sue

Re: Support for Al Barrette, Board of Game reappointment

The Fairbanks Fish & Game Advisory Committee met on April 13th and voted unanimously to support Mr. Al Barrette's reappointment to the Board of Game. Mr. Barrette was previously a member of our Advisory Committee for many years and is extremely knowledgeable about fish and game issues, works hard on the Board of Game and is always willing to speak to the public whatever their concerns may be on fish and wildlife management issues. He has been a great asset to the Board of Game during his first term and we strongly support his reappointment.

Sincerely,

Kirk Schwalm
