Subject: SB 72
Date: Monday, March 28, 2022 3:10:09 PM

Chairs Drummond and Story: 2 full weeks have passed & no amendments have been recorded on BASIS. Please bring this bill up for vote and movement on to the next committee. This bill could have the greatest & longest lasting effect of any piece of legislation facing the committees vote this session.

Representatives:

Am anxious to see this bill brought up to the house education committee for the explicit purpose of passing out.

I know you are concerned about the civic education of our future voters; and are as concern as myself to get this curriculum established in code.

I appreciate your efforts to get this issue moved out of house education and on to the next committee.

Thanks for all your efforts in this regard

Christine
