Senate Bill 131

Workers' Compensation Disability for Firefighters

Summary of Changes and Differences from HB 204

Title Change – SB 131 had a title change on the Senate floor to match the title of HB 204, changing the word “diseases” to the word “cancers.”

Definition of Firefighter – The House L&C committee added a definition of “firefighter” to HB 204. That definition does not currently exist in SB 131.
