FISCAL NOTE ANALYSIS

STATE OF ALASKA
2022 LEGISLATIVE SESSION

BILL NO. HB 120

Analysis

The proposed legislation updates the current statute (AS 38.04.022) to increase the current limit of the State Land Disposal Income Fund from \$5 million to \$12 million, after which excess funds shall be deposited in to the state general fund. The current cap of \$5 million results in anywhere between \$3 and \$4 million annually being returned to the general fund as a result of revenue received beyond the cap. With the new cap of \$12 million, up to an additional \$7 million could be retained in the fund should revenues come in that high. This note reflects that maximum impact to the general fund. The Department of Natural Resources shall provide an annual report that reflects the money deposited in the fund and may include a recommendation to amend the deposit limit. There is no other fiscal impact to the Treasury Division as a result of the proposed legislation.
