Subject: Midtown Park Chalet
Date: Tuesday, May 03, 2022 2:03:04 PM

Legislators:

Please consider adding the Midtown Park Chalet to the list of projects to be funded this year. The park is a much used, centrally located area that is used by all age groups and outdoor activists both summer and winter. The chalet would provide a much needed warming area for the many skaters that use the skating oval and rink for winter recreation. My family and I strongly believe in this project and have made a personal cash gift to show our support. Thank you for your consideration.
