Insert a new subsection to read:

"(f) The ballot box at an early voting location must be a transparent, secured container. During the early voting period, until the ballot is reviewed for counting, an early voting ballot must be in view of a video recording device, and, if the Internet is available, the division shall continuously livestream video of the ballot box to the division's public Internet website. The division shall, three days before removing early voting ballots from a ballot box, notify all parties authorized to appoint poll watchers under AS 15.10.170."
