FISCAL NOTE ANALYSIS

STATE OF ALASKA
2022 LEGISLATIVE SESSION**Analysis**

Amends AS 23.10.060(d) relating to exemptions from overtime pay requirements for certain staff at "ambulatory surgical centers". The exemption currently applies to certain staff at Hospitals. Subsection (d)(12) is amended to add employees of ambulatory surgical centers whose work includes the provision of medical services to the list of those that the section's overtime payment requirements do not apply. The term "ambulatory surgical center" is also defined using the definition found in AS 47.32.900.

The change would become effective immediately in accordance with AS 01.10.070(c).

This legislation does not require an update to existing regulations, and may slightly reduce overall work for the Wage and Hour component through a reduction in review of overtime exemption requests. The department anticipates no fiscal impact from this legislation.
