

Core Beliefs

God is the primary agent of change

The root problem in prisoners' lives is spiritual in nature.

Through God's power prisoners lives can be transformed.

Change begins in the heart, and works from the inside to the outside.

Right relationship with God is the key to the change process.

Biblical repentance is essential to transformation.

What Participants are Saying

"TLC gave me my life back, the life I was meant to have from God. TLC reminded me that I am a child of the Almighty, blessed & highly favored and that there is hope and His name is Jesus." TJ

"TLC taught me to walk in recovery as a man and be able to identify and ... work through my emotions without negatively impacting others."
"I've learned to resolve conflicts peacefully."
Christopher

"What I have learned and what TLC has done in my life is priceless. I feel blessed to have this time here and even more blessed to have so many valuable tools that I will utilize for the rest of my life." Jay

Effectiveness: TLC has 15-22% recidivism
Without TLC 61% recidivism

For every day a person does not return to prison it saves us \$155 per day.

Cost per resident for 18 month is \$84,863.
Worth the cost!!!

We need your support to continue the work of changing the lives of men and women behind bars through God's transforming power; and to give them the tools to stay out of prison once they are released.

Transformational Living Community

Our mission is to create a faith based residential program within the prison setting that will provide a healthy, positive, and spiritually centered community learning environment, conducive to facilitating lasting positive change in the lives of our residents.

Be a helping hand – Volunteer as a mentor or donate to facilitate continuation and growth of our program in Alaska.

Our Program

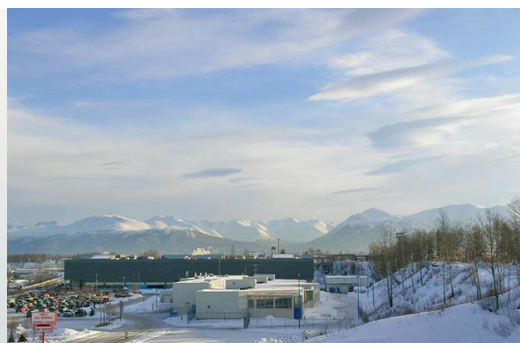

We have three Transformational Living Communities, one for women and two for men. They are a 12-18 month structured, faith-based residential program built on a transformational model for individuals who are serious about changing their lives through God's intervention and grace.

Our core program areas of focus are on discipleship, spiritual formation, community building, moral and character development, life controlling problems, inner healing issues, family and parenting issues, coping with incarceration, changing criminal mentality, social adjustment and education.

Courses and seminars teach biblical principles and focus on internalizing God's truth and applying it to specific problems in a person's life.

Several men in the TLC are enrolled in Masters and Doctoral degree programs through Christian Leadership University; and are all carrying straight A's through their first semester of coursework. Kudos to these men as they work very hard to become better men when leaving prison than when they arrived.

Other program activities include: prayer and share, counseling, worship, daily group meetings, and weekly mentoring by faith community volunteers.
