I am writing this letter in support of Senate bill 22. To make Juneteenth a state holiday.

Juneteenth is of the utmost importance as it signified the end of slavery and indentured servitude among Black folks that built this country, The United States of America . Juneteenth is not only Black History. Juneteenth is American History and needs to be recognized as a holiday. I would ask that this a bill that needs to be passed .

Respectfully,
Ashleigh Gaines
Anchorage NAACP
ACTSO chair
