Honorable Representative Josephson
State Capital Room 432
Juneau, AK 99801

Honorable Representative Josephson,

I am writing this letter in support of House Bill 11 “An Act establishing the crime of assault in the presence of a child.”

At Women in Safe Homes (WISH) we bear witness daily to the devastating effect exposure to violence has on children. Children who are exposed to high levels of violence, either as a witness or victim, report the highest levels of depression, anger and anxiety. Adolescents exposed to high levels of violence reported higher levels of anger and depression. They also reported **higher rates of wanting to hurt or kill themselves** compared to adolescents in lower violence exposure group.

Thank you for sponsoring this very important piece of legislation.
