FISCAL NOTE ANALYSIS

STATE OF ALASKA
2023 LEGISLATIVE SESSION

-

Analysis

This legislation amends AS 12.62 and AS 43.23 to authorize the Department of Revenue to collect fingerprints for completion of a national criminal history record check for the purpose of determining suitability for employment. The amendment to AS 12.62 authorizes the Department of Public Safety to conduct national criminal history checks for division employees. This bill as amends AS 43.23.008(a) to allow merchant mariners attending qualified vocational programs to qualify for an allowable absence from the state for eligibility purposes.

A new subsection is added to AS 43.23.008 to define the term “education on a full-time basis” for the purposes of calculating allowable absences for students receiving secondary or postsecondary education, vocational, professional, or other specific education. The proposed definition would allow the division to include intra-academic year holidays and breaks, but not summer breaks, in the full-time education calculation, as opposed for separately calculating holidays and breaks under the current iteration of the statute.

This bill provides statutory authority to collect fingerprints for the purpose of conducting background checks on DOR employees and amends AS 43.23.140(d) to allow the division to use electronic notice of levy for individuals who are subjected to a court order or writ for the collection of a debt. Currently, the division is required to provide notice of levy via mail, despite the consent of many applicants to receive electronic notices.

The provisions of this legislation are effective January 1, 2024.

The Division estimates:

Conducting background checks on 66 employees: \$3,184.50

Ongoing costs for future years with an approximate turnover of 10 staff annually: \$482.50

These costs are minimal and can be absorbed with existing resources; therefore, the department submits a zero fiscal note.
