

2022 Annual Drug Report

JANUARY 2023

Statewide Drug Enforcement Unit (SDEU)

Alaska Department of Public Safety

AS 18.65.085. NARCOTIC DRUGS AND ALCOHOL ENFORCEMENT

(b) The commissioner of public safety shall prepare a report concerning the activities of the narcotic drugs and alcohol enforcement unit. The commissioner shall notify the legislature on the first day of each regular session that the report is available. The report must include, but is not limited to, the number of arrests made, the kind, amount, and value of narcotic drugs and alcoholic beverages seized, the sentences received by narcotic drug and alcohol offenders, and an overall view of the narcotic drug and illicit alcohol problem in the state.

Report includes:

- Number of arrests made
- Kind, amount, and value of narcotic drugs and alcoholic beverages seized
- Drug and alcohol prices
- Sentences received by narcotic drug and alcohol offenders
- Overall view of the narcotic drug and illicit alcohol problem in the state

NUMBER OF ARRESTS MADE

Seizure amounts determine if a charge will be tried in state or federal court. The cases that meet federal thresholds (Appendix C) are forwarded to the US Attorney's Office for prosecution. Defendants convicted in federal court typically receive longer sentences than when prosecuted in state court. The number of cases that are tried in federal court are not tracked; thus, the total number of charges, incidents, and individuals arrested by SDEU are not fully represented.

- 102 unique drug and alcohol arrests¹

¹ Data provided by Alaska Public Safety Information Network (APSIN) as of January 3, 2022. Arrest data is not solely SDEU data, as APSIN is not able to break the data up by units within the Department of Public Safety (DPS). These data represent all alcohol and drug-related arrests for all units within DPS. Arrest data is based on information submitted to the repository, either by the arresting agency directly entering the data into APSIN or when an arrest fingerprint card is received by the criminal records staff. A unique arrest represents an Arrest Tracking Number (ATN); thus, one ATN represents an arrest for one person, but the ATN may have any number of charges listed on it.

DRUG AND ALCOHOL PRICES⁵

The disparity between prices in the contiguous United States and Alaska presents an incentive for drug trafficking organizations to import and distribute drugs into and throughout the state. Moreover, there is a strong correlation between distance from a regional hub and price – the farther a drug or alcohol is trafficked from a regional hub the greater the retail price.

OVERALL VIEW OF THE NARCOTIC DRUG AND ILLICIT ALCOHOL PROBLEM IN THE STATE SENTENCES RECEIVED BY NARCOTIC DRUG AND ALCOHOL OFFENDERS

International drug trafficking organizations (DTOs) continue to gravitate towards Alaska's lucrative drug market. DTOs look to exploit Alaska's:

- Hub locations to access remote areas
- High demand
- Limited law enforcement resources in remote areas

Unorganized individuals continue to import illegal alcoholic beverages into one of the 108 local option communities in Alaska that either ban the sale of alcohol, sale by specific type of license only, sale by municipality operated license only, ban sale and importation, or ban the sale, importation, and possession of alcohol.⁷

Methamphetamine, opioids, synthetic opioids (e.g., fentanyl), and cocaine pose the greatest drug threats in Alaska. The high rate of return for drug and alcohol traffickers greatly incentivizes supply into and throughout Alaska. Illegal drugs are predominantly imported and then distributed throughout the state. Alaska is not known to produce illegal drugs. Illegal alcohol, however, is purchased in the hub cities or other legal locations and then distributed to local option communities.

In 2022, the Drug Enforcement Agency (DEA) issued a Public Service Alert notifying the public that they found that six out of ten fentanyl-laced fake prescription pills analyzed contained a potentially lethal dose of fentanyl. This is an increase from four out of ten in 2021⁸. The DEA also declared fentanyl to be the deadliest drug threat facing the country⁹. SDEU cautions comparing 2022 to 2021 kilogram and DU

seizures for fentanyl since fentanyl was reported in both forms. Moving forward, SDEU will only report fentanyl seizures in kilograms.

SDEU remains steadfast in its commitment to the Alaska High Intensity Drug Trafficking Areas (HIDTA) program and its focus on better coordination, cooperation, efficiency, and effectiveness. Following the state's judicial district boundaries, the SDEU teams align with the Alaska HIDTA enforcement initiatives. The Alaska HIDTA program was designated on May 1, 2018, and the Alaska HIDTA executive board authorized funding and the creation of initiatives on October 1, 2018.

APPENDIX A

AS 18.65.085 Narcotic Drugs and Alcohol Enforcement

- (a) There is established in the Department of Public Safety, Division of Alaska State Troopers, a narcotic drugs and alcohol enforcement unit for the purpose of investigating and combating the illicit sale and distribution of narcotic drugs and alcoholic beverages in the state. Enforcement of the alcoholic beverage control laws shall focus primarily on the investigation, apprehension, and conviction of persons who violate AS 04.11.010 by selling, importing, or possessing alcoholic beverages in violation of a local option adopted by a municipality or established village under AS 04.11.491.
- (b) The commissioner of public safety shall prepare a report concerning the activities of the narcotic drugs and alcohol enforcement unit. The commissioner shall notify the legislature on the first day of each regular session that the report is available. The report must include, but is not limited to, the number of arrests made, the kind, amount, and value of narcotic drugs and alcoholic beverages seized, the sentences received by narcotic drug and alcohol offenders, and an overall view of the narcotic drug and illicit alcohol problem in the state.
- (c) The Department of Public Safety may establish and administer a reward program, and provide grants to municipalities, established villages, and, at the request of a municipality or established village, to a nonprofit association that administers a village public safety officer program, for reward programs leading to the apprehension and conviction of persons who violate AS 04.11.010 by selling, importing, or possessing alcoholic beverages in violation of a local option adopted by a municipality or established village under AS 04.11.491.

APPENDIX B

SDEU Teams

- **Fairbanks Areawide Narcotics Team (FANT)** focuses on drug interdictions and investigations in the Interior Region, Utqiagvik, and east to Canada. FANT is comprised of Alaska State Troopers (AST), Fairbanks Police Department, North Slope Borough Police Department, North Pole Police Department, Federal Bureau of Investigations (FBI), and DEA. FANT works closely with the United States Marshals Service (USMS); Bureau of Alcohol, Tobacco, Firearms and Explosives (BATFE); and local, state, and military agencies within the region.
- **Southcentral Areawide Narcotics Team (SCAN)** focuses on drug interdictions and investigations throughout the Southcentral Region, to include the Mat-Su Valley, Anchorage, Kenia Peninsula, and Kodiak Island. SCAN is comprised of AST, Kenai Police Department, Anchorage Police Department, North Slope Borough Police Department, Sand Point Police Department, Anchorage Airport Police and Fire Department, and works closely with the United States Postal Inspection Service (USPIS), Department of Homeland Security Investigations, United States Coast Guard Investigative Service (CGIS), DEA, Internal Revenue Service, and BATFE.
- **Southeast Alaska Cities Against Drugs (SEACAD)** focuses on drug interdictions and investigations in Southeast Alaska. SEACAD is comprised of AST, Juneau Policed Department, Petersburg Police Department, Ketchikan Police Department, DEA, FBI, USPIS, and CGIS. SEACAD also provides investigative support to Wrangell, Craig, Klawock, Yakutat, Hoonah, Sitka, Haines, Skagway, and Cordova police departments. SEACAD is comprised of local, state, and federal law enforcement agencies and works closely with law enforcement agencies in the lower 48 and Canada.
- **Western Alaska Alcohol and Narcotics Team (WAANT)** focuses predominately on alcohol enforcement in Western Alaska, as well as drug interdictions and investigations. WAANT is comprised of AST and the Bethel Police Department and works closely with USPIS and other federal partners.
