Subject: SB 52 BSA Increase
Date: Sunday, April 09, 2023 7:26:53 PM

The SBA has not been increased since 2017. Meanwhile, insurance, salaries, the price of absolutely everything has gone up significantly; not to mention the fact that children's needs have increased significantly.

Please, please increase the SBA. Our district will be 8 million dollars short.

Thank you for your service and your consideration
