**Subject: sb114**

Sirs:

I'll keep this short - I'm a Conoco Phillips shareholder and it's a sick society that chooses to pay oil tax credits before paying for their children's education. Please up the BSA for our kids !

But while I have your attention - level the playing field. There is no reason Hilcorp should be paying less in corporate taxes then Conoco. It reeks of greasing politicians hands (like a \$25,000 Dunleavy donation to receive a \$100,000,000 tax break - the rate of return is both astounding and embarrassing). So please pass both SB52 and SB114.

and override any veto,

Gordy Vernon
